

## CATTLE BROUGHT SINCE OCT. 1ST. ARE QUARANTINED

### GOVERNOR QUARANTINES STOCK LIKELY TO GET DISEASE

EVERY HEAD OF LIVESTOCK  
PURCHASED AT UNION STOCK  
YARDS UNDER STATE EXEC-  
UTIVE'S ORDER—MAY COM-  
PLETE CLEAN-UP AT CHICAGO  
BY WEDNESDAY.

Springfield, Ill., Nov. 7.—All cattle, sheep and hogs in the state of Illinois that have in any way come in contact with the Union Stock Yards of Chicago were tonight ordered placed under quarantine by Governor Dunne. This includes all cattle purchased from the stock yards since October 1. The order of the governor is as follows:

"To the people of the State of Illinois:

"Whereas, I am advised by the state veterinarian that there is danger that cattle, sheep and hogs, purchased in the Union Stock Yards at Chicago on and after October 1, may be affected with the food and mouth epidemic and that all such cattle, sheep and hogs and the hay, straw and fodder coming in contact therewith, wherever now located in the state of Illinois should be placed under strict quarantine in order to effectually prevent the further dissemination of such epidemic.

"Now, therefore, I, Edward F. Dunne, governor of the state of Illinois, do hereby proclaim, order and direct all cattle, sheep and hogs wherever now located in the state of Illinois, which have been purchased at or shipped from the Union Stock Yards at Chicago, on or since October 1, 1914, and all hay, straw and fodder that have come in contact therewith, shall be ordered in strict quarantine, and said quarantine shall be maintained until further notice.

"All persons now in possession of such cattle, sheep and hogs, or of the hay, straw and fodder that have come in contact therewith, and all persons knowing of the whereabouts of same are hereby ordered and directed to communicate promptly the present whereabouts of same to Dr. O. E. Dyson, state veterinarian, Union Stock Yards, Chicago.

(SIGNED) "E. F. Dunne, Gov."

Chicago, Nov. 7.—Disinfecting at the Chicago Union Stock Yards, which suspended business on account of the food and mouth disease, continued today in the expectation that the place would be in a thoroughly sanitary condition by the middle of next week.

"If we have been thoroughly cleaned up by Wednesday and if the epidemic has not spread to more states so that we can receive shipments of cattle, we shall apply for a lifting of the quarantine then," said A. G. Leonard, president of the stock yards.

Dr. E. O. Dyson, state veterinarian, said that although the quarantine had been ordered to run until November 16, it would be lifted before that time if it were shown that the yards were in a fit condition. All other public cattle pens within the state, including those at East St. Louis, are to be given a clean bill of health as soon as they are disinfected and pronounced free of infection.

As soon as the whole state is cleared application will be made for a lifting of the federal quarantine which prohibits shipments of live stock. No action however will be taken until the state is clear of the epidemic.

Every confidence that the disease is to be checked here was expressed after it was found that only a few cases suspected cattle have developed. All the regularly shipped cattle had been slaughtered and a few stockers and feeders which were to have been shipped from Chicago were found in a sound condition. The new cases were among prize cattle recently exhibited at the National Dairy Show here. About thirty out of the 800 prize bulls and cows were condemned but were not killed. The owners of this stock, which is valued by them at several million dollars, appealed to the department of agriculture at Washington that special efforts be made to save the stock. A plan subjecting them to special treatment in the hope that they may be saved.

**Memorandum Quarantined.**

Springfield, Ill., Nov. 7.—Memorandum county, where foot and mouth disease was today found by inspectors for the state live stock commission, which have been placed under quarantine. The disease is also reported in Logan county and an investigation is being made. Kane, Kendall and Livingston counties are already under quarantine.

Governor Dunne today issued a statement to the public calling attention to the means in which the disease may be carried from one section to another and urging that the farmers of the state prohibit trespassing on their premises.

**The Governor's Statement.**

"To the public:

"My attention has been called to the fact the foot and mouth contagion among cattle can be disseminated by persons passing from one pasture where infected herds are to other farms and pastures and portions of the state where hitherto there has been no infection.

"My attention also has been called to the fact that the hunting season for quail is about to open and that many hunters in their zeal for the game may be tempted to cross pastures and other places occupied by cattle and other stock and in this way unwillingly disseminate and spread the contagion.

"In view of the facts I desire to call to the attention of the people of this state and to farmers and stock raisers in particular, the provisions of Section 29-30 and 31 of the Fish and Game Act, Chapter 56, Hurd's revised statutes of 1913, which prohibits persons from hunting with gun or dog upon the grounds or premises of another or upon the waters flowing over or standing on said lands, or premises without first obtaining from the owner, agent, or occupant of said lands or premises his, her or their permission so to do, and which makes a violation of this law a misdemeanor punishable by fine or imprisonment.

"In view of the widespread and dangerous epidemic among cattle now prevailing in this state known as the foot and mouth disease, and in view of the easily communicable character of said disease by persons passing from one field to another, I would respectfully suggest to all farmers and live stock dealers that they post trespass notices upon their premises and that they exercise the utmost diligence in preventing such trespass even to the extent of apprehending persons violating the provisions of this law. All trespassing upon stock farms should be rigidly prohibited at the same time.

(Signed) "E. F. Dunne, Gov."

**Aledo Farmer Acts Quickly.**

Galesburg, Ill., Nov. 7.—When L. D. Canum a wealthy farmer living two and a half miles northeast of Aledo, discovered today that the foot and mouth disease had broken out among his herd of cattle, he immediately slaughtered ninety cattle and three hundred hogs, valued at \$10,000 to prevent the contagion spreading.

Two weeks ago Canum shipped a lot of cattle to the Chicago Stock Yards where later they developed the foot and mouth disease. The shipment was traced by government inspectors, who advised that the entire herd be destroyed to prevent the disease spreading throughout Mercer and adjoining counties.

**Clean-up at National Yards.**

East St. Louis, Nov. 7.—Eight hundred men with fifty teams and four gas engines tonight began the work of spraying disinfectant over the three thousand cattle pens of the stock yards which closed by federal quarantine orders today, first time since their opening in 1887.

Each night for a week, beginning tomorrow, three thousand men will work at the task of preventing spread of the foot and mouth disease to the local yards. It is expected this will be done by the latter part of the coming week.

**Tracing Every Shipment.**

Washington, Nov. 7.—Officials of the bureau of animal industry enlisted today the co-operation of state officials in the fight to stamp out the epidemic of foot and mouth disease which resulted in a cattle quarantine covering ten states.

With the strict maintenance of the quarantine as at present established the immediate destruction of all infected herds and close inspection of all suspected centers, the bureau believes it now has the situation under control.

Practically every shipment of cattle which passed through the Chicago stock yards during the last sixty days is being traced by inspectors and infected herds are being destroyed.

State officials in the states affected by the federal quarantine have joined the federal agents in their fight to eradicate the disease. Under the plan of the department, state officials will establish local quarantines in the states now cut off from interstate shipment, in order to localize the infected territory as narrowly as possible. Then both state and federal officials will co-operate in destroying infected cattle for which owners will receive compensation to be fixed by appraisers by the department of agriculture.

Despite the wide area effected by the federal quarantine, which closed the principal cattle markets of the country, no immediate effect on meat prices to the consumer is looked for. A plentiful supply of dressed meat and of cattle outside of the quarantined states is expected to prevent any considerable rise.

**MATHIS, KAMM & SHIBE SAY:**

Arrow Rubber Boots hit the mark; the present price is \$4.50.

**CLAIMS CURE FOR INSANITY.**

New York, Nov. 7.—The production of local anesthesia by the pressure of a finger on a given part of the body and a new cure for insanity, are the sensational claims made today by doctors attending the sixteenth annual convention of the New York Osteopathic society.

Dr. L. Van Horn Gerding, consulting specialist of the Still-Hildreth sanitarium in Macon, Mo., told of removing the underlying cause of mental trouble, but the most interesting experiment was made by Dr. R. Kendrick Smith, director of the department of public health in the American Osteopathic association, who gave a clinical demonstration of pressure anesthesia.

By grasping the second joint of a patient's left thumb, Dr. Smith was able to deaden all sense of feeling in a man's two left incisors. The physician then stuck a lancet into the man's gum to show that he suffered no pain. Dr. Smith explained that while pressure anesthesia produced the same effects as the new "twilight sleep" no drugs were used and no harmful effects followed.

## War News Summarized

The Austrians have been cut off from their western base and are being backed southward toward the Carpathians. Thus reports Petrograd on the operations of the Russians against the Austrians in Galicia. Heavy losses, it is said were inflicted on the retreating hordes, thirty thousand men having been killed or wounded and 200 cannot captured.

Vienna, however, asserts there is no fighting either in Galicia or Poland and says the movements of the Austrians that are taking place are in accordance with prearranged plans. The temporary cessation of territory, the official report says is justified in the general situation.

The Russians say they are successfully developing offensive movements against the east Prussian front and already are attacking Sieradz, on the Warthe in Russian Poland. This engagement, they say, marks the position of the last fortified position of the Germans on Russian soil.

The German report that they have defeated three divisions of Russian cavalry, which crossed the Warthe above Kelo, and driven the Russians back to the other side.

There has been no encounter elsewhere. The report adds.

In the west and southwest of Ypres, more than a thousand Frenchmen and four guns have been captured, according to the Germans, who assert also, that attacks by the French west of Ypres, Vailly and Chavonne have been repulsed with severe losses. The admission is made, however, that the French have re-taken the village Soupir and part of Sapignul.

The French say that while the Germans have been active along the whole front in the west all their attacks were repulsed. Trenches have been taken by the allies near Thiepval and the village of St. Remi, on the heights of the Meuse, at the point of the bayonet.

The Turkish troops are in touch with the enemy along the entire front, Constantinople says but no details are given of any fighting on land. On the Black Sea, however, Constantinople says the Russians have bombarded Zunguldiak and Kuzin, destroying the French church and French consulate in the former and sinking a Greek steamer at the latter place.

According to Petrograd, placards from Turkish presses are being distributed throughout Persia to "brethren of the faith," urging them to aid the Turks in the war against Russia.

Engineers from the Krupp gun works are placing heavy guns on the sea front at Ostend.

A report in circulation in Tokyo says a battle in the Pacific between the Japanese and German fleets is imminent.

Lima, Peru, reports four war ships passing Callao Friday, southbound. Their nationality was not made out.

## NO FOOT AND MOUTH DISEASE IN FRANKLIN HERD OF CATTLE

Dr. Charles E. Scott Makes Examination Under Direction of State Board of Live Stock Commissioners—Will Put Cattle Under Quarantine for Ten Days.

An examination was made of the cattle owned by W. C. Calhoun near Franklin, by Dr. Charles E. Scott, Saturday afternoon, under direction of the State Board of Live Stock Commissioners, following a report that some cattle, which he recently purchased were ill with the foot and mouth disease, which has occasioned the closing of the stock yards in the larger cities. An examination showed that the cattle were not so afflicted.

Some two weeks ago Mr. Calhoun bought thirty head of cattle in St. Louis. They were in the pens at St. Louis for three or four days when the weather was very warm. When they were shipped the weather became cooler and they appeared to be suffering for shipping fever and heavy colds.

Dr. Scott notified the commissioners of his findings and it was ordered that the cattle be put under quarantine for a period of ten days when another examination will be made, so that if there should be any symptoms of the dreaded disease, an opportunity will be afforded to reveal the fact without any chance of the contagion spreading.

See my special \$15.00 suits. Tom Duffner Co.

## FIRE SWEEPS VILLAGE.

Brownville, Pa., Nov. 7.—Ten persons, most of them volunteer firemen, were injured; a hundred and fifty persons were made homeless; seven buildings were destroyed and many damages by a fire which wiped out most of the town of West Brownville today. The damage from fire is estimated at \$250,000.

## BREWERY WORKERS WIN.

Philadelphia, Nov. 7.—The brewery workers, affiliated with the American Federation of Labor, won a victory today when the convention of the union label trades department of the federation went on record as being opposed to prohibition.

## UNDESIRABLE FATHERS MENACE TO THE COUNTRY

Speaker Before Purity Congress Asserts Tendency of the Age is to Minimize Fatherhood.

Kansas City, Mo., Nov. 7.—"Undesirable fathers are a greater menace to this country than undesirable citizens," Dr. James Russell Price of Chicago asserted in an address before the International Purity congress here today. "The tendency of the age is to magnify motherhood and minimize fatherhood. Yet it is a scientific fact, throughout the animal world that offspring take their characteristics from the male parent."

Propensities in children have been traced definitely to similar activities in the father shortly preceding procreation, according to Dr. Price, who gave a number of illustrations from personal observation and drew examples from the breeding of race horses and fighting cocks.

"Parents have been careless in allowing their daughters to marry 'hit or miss' and are compelled to look forward to grandchildren from a diseased and decrepit fatherhood," he asserted.

He contrasted this with the care exercised in mating dumb animals so as to obtain sound progeny.

When we have a fatherhood physically, mentally and morally qualified to produce an improved race, then the tendencies to weakness and immoral idiosyncracies will pass into oblivion and the apex of fatherhood will be reached," he concluded.

Another speaker before the congress was Mrs. Catherine Booth-Clibb, born eldest daughter of Gen. William Booth of the Salvation Army, London.

## POST SEASON CHAMPIONSHIP GAME MAY AID BELGIANS

President of Illinois Suggests Plan to Aid Sufferers in Stricken Belgium.

Champaign, Ill., Nov. 7.—A post-season national championship football game between the East and the West, to raise half a million dollars for the relief of Belgian refugees, is the plan of President Edmund James of the University of Illinois who today sought to persuade the western conference to waive its rule against post season games. Stagg of Chicago and Huff of Illinois, directors of the conference have approved the idea and it is believed that Wisconsin, the third contender for the western championship, also will approve.

If the conference consent is given President James will open negotiations with Harvard, Yale and Princeton and the winner of their series will be asked to meet the Big Nine champion.

President James' plan is to have the game in the stadium of either Harvard or Yale and all the proceeds above expenses to go to the Red Cross society for the aid of the Belgian sufferers.

"The game would be no violation of neutrality," President James said, "since Germany itself has approved the sending of goods to the Belgians and the United States government has named a special committee there."

Special sale of Blue Serge Suits. \$20 to \$30. JACKSONVILLE TAILORING CO.

## OFFICERS ELECTED.

At the Illinois Intercollegiate Oratorical association held at Bloomington Friday the following officers were elected: President, Barnhart, Wesleyan; Vice President, Zurly, Eureka; Secretary Treasurer, Wampler, Knox. The next contest will be held at Monmouth.

## FOREST FIRES.

Washington, Nov. 7.—One of the most severe and extensive droughts of record is rendering the forest fire situation in Atlantic coast states very serious, according to reports reaching the forest service here. Every day brings news of fresh fires. The latest outbreak has been in New Jersey, where hundreds of thousands of dollars worth of property has been destroyed.

## EXPLOITS OF SOLDIER.

London, Nov. 8.—4:15 a. m.—The Cherborough correspondent of Reuters Telegram Co., sends the following:

"A Belgian soldier, Emil Sapin, 22 years old, who has arrived here for a few days rest, is a Chevalier of the Order of Leopold and of the Legion of Honor as a result of his exploits in the last few days.

"Single handed Sapin destroyed a German battery, took a hussar regimental flag, killed the German colonel and made forty prisoners."

## CHAPIN QUILTS HERALD.

Chicago, Nov. 7.—W. W. Chapin who has been publisher of the Herald since the re-organization of the property following the consolidation of the Chicago Record-Herald and the Inter Ocean several months ago has retired from that position.

## RUMMAGE SALE.

For Old People's Home each afternoon this week at Pyatt's old cigar store.

## SHOULD JOIN ARMY.

London, Nov. 7.—Small part actors, stage hands and others are threatened with starvation. The war has hit the theatres and the folk of the United Kingdom a hard blow.

## TEHUACAN TAKEN FROM CARRANZA GARRISON

### FORMER FEDERAL COMMANDERS FIG- URE IN SPECTACULAR CAPTURE

Several Hundred Mexicans are Killed and Wounded in the Fighting—Carranza Agents Deny an Attack Has Been Ordered on Americans at Vera Cruz.

Washington, Nov. 7.—The capture of Tehuacan, Mexico from the Carranza garrison by forces under Gen. Higinio Aguilar, and Gen. Argumedo and Gen. Ruise, formerly federal commanders, was reported to the state department today by Consul Canada at Vera Cruz. The message says several hundred were killed and wounded, but gives no details of the fighting.

Tehuacan is in the state of Puebla, 75 miles from the city of that name, where Carranza has moved with the members of his cabinet from Mexico City.

Other advices to the state department said Gen. Villa was still at Aguas Calientes and told of the proclamation of Gen. Gutierrez, as provisional president of the southern republic under the decision of recent Aguas Calientes convention, which selected him for the post. He will take office next Tuesday.

During the day Rafael Zubaran Capmany, Carranza's confidential agent here denied that the Carranza forces had been ordered to attack the American troops at Vera Cruz tomorrow. Secretary Garrison of the war department sought direct information from Gen. Funston as to the situation in Vera Cruz, however, no reply having been received late tonight.

## CLOSE VOTE IN NEVADA

Reno, Nev. Nov. 7.—With the republican state central committee claiming the election of Sam Platt, republican, over Francis G. Newlands, by fifteen votes and the democratic central committee claiming a lead for Newlands of 11 votes the senatorial fight in Nevada still is in doubt. Unofficial returns from all but eight precincts in the state have been accounted for. The eight precincts contain about 150 votes. It will require the official count, which will be made November 13 to determine the result.

## TO RESUME WORK.

Prairie Creek, Ark., Nov. 7.—Under protection of the United States troops a report will be made at once to resume operations at the Bache-Denman company's mine number 4. This statement comes from reliable sources here today and it is generally believed that Franklin Bache, president of the company and appointed by the federal court as receiver now is in the East making preparation for this work.

The federal grand jury, which was called yesterday at Fort Smith to investigate the Hartford Valley disturbances adjourned today until November 17 to enable Judge Frank Youmans to hold the regular session of court at Texarkana, Texas. More than a score of witnesses have been examined, but indictments have been voted, it was stated.

## EXCHANGE CONGRATULATIONS.

London Nov. 8, 12:42 a. m.—The following telegrams of felicitation have been exchanged between the British board of admiralty and the Japanese minister of marine:

"The board of admiralty sends its heartiest congratulations to the gallant army and navy of Japan on the prosperous and brilliant success of the operations which resulted in the fall of Tsing-Tau."

The Japanese minister of marine replied to this:

"I fully share with you in felicitations on the fall of Tsing-Tau. It affords me great pleasure to assure you that the outcome of the efforts of the navy of our ally in co-operation with ours during the investment of Tsing-Tau was splendid."

## CONSUL HAMM DEAD.

Washington, Nov. 7.—United States Consul Theodore Cushing Hamm died today from smallpox at his post in Durango, Mexico, where he had been stationed since August, 1911. Mr. Hamm was born in Vermont in 1882. He entered the state department service in 1901 and became a consul the following year.

## BELGIAN RELIEF.

Washington, Nov. 7.—American contribution to the Belgian relief committee will be used hereafter to buy food supplies in New York where shipment to Brussels via London and Rotterdam, according to a statement made today at the Belgian legation. A committee in New York now is purchasing supplies.

## AUTHORITY ON WHIST DEAD.

Chicago, Nov. 7.—John T. Mitchell one of the foremost authorities on whist in the United States, died at hospital here today, aged 70.

A. W. Edson of Beardstown was here Saturday for a short visit with his mother.

## SULLIVAN CONGRATULATES SHERMAN ON HIS ELECTION

Democratic Senatorial Candidate Admits Defeat in Recent Campaign.

Springfield, Ill., Nov. 7.—Roger C. Sullivan in a message tonight congratulating Senator Lawrence Y. Sherman upon his re-election to the United States senate admitted his defeat in the recent senatorial campaign. Roger Sullivan gives up all hope of the vote being changed in the official count.

It has been previously contended by Mr. Sullivan that the official count would change the vote. Senator Sherman acknowledged the telegram from Mr. Sullivan thanking him for the message. The messages which were exchanged between the two men are as follows:

"To Hon. Lawrence Y. Sherman, Springfield, Ill.

"The returns indicate your election to the office of the United States senator from Illinois and I desire to congratulate you upon your success.

(Signed) "Roger C. Sullivan."

Senator Sherman's reply is as follows:

"To Hon. Roger C. Sullivan,

"I thank you for your kindly telegram of congratulation.

(Signed) "L. Y. Sherman."

## PAYMENT OF FIRST INSTALLMENT OF CAPITAL STOCK COMPLETED

Capital Stock of Federal Reserve Banks Totals \$17,947,106 Paid In.

Washington, Nov. 7.—Payment of the first installment of the capital stock of federal reserve banks, called for Nov. 2, has been practically completed, the paid in total being \$17,947,106.

The amounts paid in, as reported to the federal reserve board today are as follows:

Boston	\$1,617,925
New York	3,329,580
Philadelphia	2,968,559
Cleveland	2,012,353
Richmond	1,953,358
Atlanta	778,248
Chicago	2,199,000
St. Louis	912,000
Minneapolis	794,500
Kansas City	916,000
Dallas	951,335
San Francisco	132,346

## VINCENT IS RE-ELECTED.

Princeton, N. J., Nov. 7.—At the final session of the association of American university which has been in conference this week President Vincent of the University of Minnesota was re-elected president. President Hadley of Yale, vice president; and Provost H. Smith of the University of Pennsylvania, secretary.

## WOMAN SUFFRAGE A FACT.

Helena, Mont., Nov. 7.—Woman suffrage apparently is an accomplished fact in Montana. After favoring first one side and then the other for three days returns today began showing strongly in its favor, and with half the precincts of the state reported, a majority of 3,500 was indicated.

## NOT LAW VIOLATION.

Washington, Nov. 7.—No violation of the anti-trust laws is threatened by the \$125,000,000 cotton loan fund plan, according to an opinion handed down late today by Attorney General Gregory at the request of President Wilson.

"I am unable to see how such a plan could be thought to fall within the purview of the anti-trust laws," the opinion says.

Mrs. C. H. Story, who underwent an operation at Passavant hospital a few days since, is improving in a manner quite satisfactory.

William Floreth has gone to the St. Louis markets to buy goods for his establishment.

## DEATH TOLL INCREASED THREE.

Belfield, N. D., Nov. 7.—The death toll of yesterday's prairie fire near here, in which Miss Gladys Hollister, a country school teacher, and three of her pupils lost their lives, was increased to seven today when three other pupils died from burns they suffered in a vain dash from the school house toward a ploughed field.

Large tracts of hay land in this vicinity have been swept by recent fires, the damage aggregating \$50,000.

Miss Nona O'Donnell of Springfield is in the city for a few days visit with Mrs. L. F. O'Donnell, 338 South Diamond street.

## WEATHER INDICATIONS AND TEMPERATURES.

Washington, Nov. 7.—Forecast: Illinois—Fair and cooler Sunday; Monday fair.

Temperatures.

The current, maximum and minimum temperatures recorded Saturday were:

Jacksonville	61	70	55
Boston	44	48	36
Buffalo	56	64	38
New York	50	50	40
New Orleans	70	78	64
Chicago	55	63	54
Detroit	56	68	38
Omaha	44	48	42
St. Paul	38	42	34
Helena	44	48	36
San Francisco	74	76	64
Winnipeg	34	36	30

## RUSSIANS REACH POSITION ON EAST PRUSSIAN BORDER

### DRIVE AUSTRIANS INTO GALICIA AND REACH WARTHE RIVER

CZAR'S ARMY NOW ESTABLISHED ON EAST PRUSSIAN FRONTIER.—RUSSIANS FOLLOW RETIRING GERMANS AT FAST PACE.

London, Nov. 7.—With the exception of the fall of Tsing-Tau, the most significant report from any of the battle fronts today and the most welcome from the allies' point of view, is that the Russian armies besides driving Austria back in Galicia have reached the Warthe river in Russian Poland and established themselves on the east Prussian frontier.

In fact a Berlin official report says some Russian cavalry crossed the Warthe but were driven back. To this the Russian report adds that the town of Warta, on the Warthe river in Poland, has been occupied and that a German column has proceeded westward through Czenstochowa, which is very near the Silesian frontier.

The Russians, too, are responsible for the report that they have defeated the Germans near Miawa, in Poland, just across the east Prussian boundary and at Lyck, in east Prussia.

## Press Retiring Germans.

Military observations here say the Russians have followed the retreating German army at a very much faster pace than was anticipated and that if they are in force they may be able to prevent the Germans from taking up their new positions on the Warthe and compel them to fall back to the Silesian border.

Despite all this, reports persist that the Germans are sending large numbers of their troops who have been fighting in Poland, westward to oppose the allies in France and Belgium. That they would do this with enormous Russian forces threatening their own and richest territory, military men here say, seems highly improbable, unless the Germans are satisfied that a small force can prevent the Russians from entering Silesia and east Prussia.

## Fighting Continues.

In the west the same ding-dong fighting which has been going on for months continues. The Belgians, who hold the lines along the coast, are being given a comparative rest for their three months of almost continuous fighting. The Germans still are concentrating around Ypres, where they are trying to hack their way through the Anglo-French troops which bar their way to the coast.

Each side claims to have made progress here, the Anglo-French forces to the southeast of the town and the Germans to the southwest. Correspondents in the rear of the armies say that the fighting, which has exceeded in fury any that preceded it has not appreciably lessened and that each side is using a tremendous weight of artillery in an endeavor to clear the ground for an advance of infantry.

## Armies Being Reinforced.

Both armies are being reinforced. It seems to be realized that the Germans cannot proceed farther west because of the cooperation of the warships with the land forces and that a route either here or farther south must be found if the Germans are to attain their ambition of reaching the French coast.

Elsewhere along the line attacks and counter-attacks have been delivered with success first to one and then to the other side but without making any material change in the situation.

Things are moving slowly in the near east so far as is known here the only news from there today concerns the bombardment of the ports of Zunguldiak and Kuzul on the Asia Minor coast of Turkey, by a Russian fleet and the sinking of several Turkish transports. It is said also, that the Russians have occupied the entire region to the northeast

#### THE GOVERNORSHIP IN 1916.

By the fact of the recent election Andrew Russell is the treasurer-elect of Illinois and has been chosen to again fill the important office he held four years since. The result is a high compliment to him personally, but has a much deeper meaning from a political standpoint. In view of all the circumstances surrounding the election the choice of Mr. Russell by such a large majority indicates that he not only has firm and solid friendships in all of the 102 counties of the state, but also stamps him as a strong leader of the Republican party in Illinois. Mr. Russell knows not only the "heads" in the various sections of the state, but during recent years has come into touch, too, in a personal way with the rank and file, and it is likely that no other Illinois Republican today has so long a list of personal friends as he throughout the state.

The time is near at hand when politicians will begin to look forward to the election two years hence. The result of Tuesday's election shows very clearly that the Republican party is again coming into its own and that Illinois will return to the Republican fold, where she naturally belongs, and that the old time majorities of 150,000 will prevail. Leaders in the party acknowledge that the nomination for governor logically belongs to a down state man. They acknowledge that the nomination of a down state man will be "good politics." Governor Dunne is a Chicago man, ex-Governor Deneen is a Chicago man, and the time is ripe for the choice of a governor from some point outside of Cook county.

The popularity which Mr. Russell has shown not only in the campaign and election just closed, but in former years, will make him a logical candidate for the governorship. He is a man of such strength of character, of such known executive ability, of such standing in the world of business and finance that he presents those attributes and characteristics which distinctly qualify him for the chief position in the commonwealth of Illinois. It is not too early to be looking forward to the next general election in this state and the facts seem to warrant the prediction that Andrew Russell is the natural and logical winner of the gubernatorial nomination in 1916, and his election would be an assured fact.

**Would Ignore Voice of People.**  
The Springfield Register maintains that the sweeping victory gained by Republicans in the recent election do not indicate that the people disapprove of Democratic policies. The Register would have the president and congress go blindly with the program which has already brought on business stagnation and thus advises the party leaders: "The duty of the president and his party is clear. They should go straight ahead and complete their legislative program. The result of the election is no sense a condemnation of the Democratic party. Most of the congressional losses are due to the collapse of the Progressive party in many states and the return of its members to their former Republican allegiance. It looks like a straight-out fight in 1916 between the two old parties, with Mr. Roosevelt's following a negligible quantity. The surest way to win that fight is to reform every pledge the party has made to the people. There is no cause for disappointment or apprehension."

**GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.**

#### OLD FASHIONED COUNTRY SCHOOL MUCH ENJOYED

An "old fashioned" country school" was enjoyed by members of Centenary Epworth League and Friends Friday evening in the parlors of the church when the young people, with Miss Florence Fox as "school marm" delved into the Three R's with unheard of assiduity and during "recess" listened to a varied program of merit.

The program numbers were:

Piano Solo—Fred Foster.  
Reading—Miss Helen Harney.  
Gymnastic drill, "Prof." Harry Maddox, director.

Whistling solo—Fred E. Darr.  
Piano solo—Fred Mayer.  
Readings—Miss Florence Fox.  
Address—Elmer Gary.

Let your next order be for Wild Rose butter made by Jacksonville Creamery Co.

#### WIN IN DAKOTA.

H. L. Caldwell has received favorable word from two brothers, both of whom are interested in south Dakota Republican politics and both of whom were successful at the election, November 3. C. C. Caldwell of Howard, S. D., is attorney general of the state and C. V. Caldwell of Swan Falls, S. D., is states attorney of Minnehaha county. Mr. Caldwell is naturally elated over the success of his two brothers, both of whom made good races and won by fair pluralities.

**SUIT AND COAT SALE MONDAY AT HERMAN'S.**

#### MORGAN COUNTY FARM TOPICS.

The prevalence of hog cholera in the county is causing a great deal of worry to farmers and stock raisers. Charles A. Rowe, who has for years been one of the most successful hog raisers in central Illinois, has about four hundred animals ranging in size from ninety to a hundred and forty pounds. The greater number of them are of the size mentioned, although he has some that are considerably heavier. These hogs are not all on one farm but are located on the several farms which Mr. Rowe owns. It so happens that there are cholera hogs in the immediate vicinity of where his are quartered and he naturally therefore feels some anxiety as to the outcome. He has been considering the advisability of having the animals vaccinated or simply going ahead and if the disease breaks out fighting it with the methods he has used in the past. His experience has been that the next generation from immunized hogs is free from the cholera and so he places some reliance on this experience with reference to his present herd as the animals are all of that class.

Asked about the value of giving limestone to hogs as a remedy or a preventative for cholera, Mr. Rowe said that he was not certain as to its value but that he had long made it a practice to have limestone where it is accessible to his hogs. He said he knew that Frank I. Mann believes that limestone is a preventive of cholera and that Mr. Mann attributes the fact that the northern counties of Illinois are practically free from the disease to the occurrence of limestone there. Mr. Rowe has had frequent opportunities to take work as a farm adviser in other counties. Heoria county a year or two since offered him a salary of \$3,600 per year and other offers equally attractive have been made, but this Morgan county farmer has steadfastly refused them, first because he has an extensive business of his own to look after, and secondly because he realizes that a position as farm adviser is not only one of large responsibility but also one which might cause a vast amount of worry and possibly criticism for the man who filled it.

Aside from these reasons he has a strong conviction that the work of a farm adviser is not really necessary if the farmers of a given county can simply be persuaded that they must feed the soil with limestone and phosphorus and grow a certain amount of legumes. This, in his opinion, is the sum total of soil improvement, and that all a farm adviser could do would be to use this as a text for many sermons and then strive again to see that the sermons are put into practice. Mr. Rowe is a thorough believer, however, in the farmers' club idea and thinks that a great deal can be accomplished for the betterment of Morgan county soil if the farmers will join heartily in this movement. United action for soil betterment and an occasional meeting for an exchange of ideas will bring benefits he thinks, and will prove of large influence in spreading abroad and impressing the few simple truths which are really important so far as soil betterment is concerned.

Anyone who listens to Frank I. Mann, who has been in Morgan county for the past two or three days talking about soil fertility, can but be impressed that Mr. Rowe is right, for when one of Mr. Mann's talks is boiled down it is simply a statement of the need of lime, phosphorus and clover crops for making the soil better and the statements that Mr. Mann makes are in amplification and explanation of his theory. There seems therefore to be a great place and a great work for the Morgan County Farmers' Club, and from the way the organization has started out it gives promise of meeting the conditions.

C. E. Reynolds of Woodson precinct, who was in Jacksonville Saturday, was talking about the prospect for corn, which he does not think is especially favorable. Mr. Reynolds said: "We are finding out in our country that the corn crop this year is not going to be nearly up to expectations. I believe that much of the locality will not yield as much as anticipated a month or two ago. It is true in addition that the quality of the corn is not up to standard and a great many ears are wormy. I think this is true more especially of the corn which was planted late. From all indications the corn yield is not much in excess of that of last year and the quality is about the same. I am a great believer in Henry Wallace and I think that the statement in the Wallace's Farmer recently that the general corn crop of the country had been over-estimated by two million bushels will prove to be correct. There is one good thing about it, however, that is that the price is much better than last year. In 1913 the price at this time was thirty-eight to forty cents and now the elevators are paying anywhere from fifty-six to sixty."

W. Carter, living two miles south of Jacksonville, has suffered severe losses from cholera during recent days. A number of very highly bred brood sows have succumbed to the disease and some other animals not so valuable have died. Mr. Carter spent Friday at the Corsa farm near White Hall where the serum used in fighting the disease is made. He has also had thirty-eight hogs vaccinated and will use the double method. Mr. Carter believes that an earlier decision to use vaccination would have saved him about \$500.

John Cain said Saturday that he had suffered considerable loss within recent weeks from cholera. A number of brood sows died and a

still larger number of shoats. Mr. Cain however, is one of these farmers who does not get discouraged and has no intention of taking any less interest in hog raising in the future.

Fresh angel food, nut and chocolate layer cakes, macaroons, cookies and, in fact anything you wish in the cake line, at Vickery & Merigan's. Telephone 227.

#### CLUBS AND SOCIETIES.

**GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.**

#### ESCAPED DEATH, NOW WED.

Woman's College Graduate Figures In Romance.

Daquoin, Ill., November 7.—Announcement has been made by the romantic wedding of D. T. Hartwell and Miss Florence Freeman of Marion.

Hartwell is state's attorney of Williamson county, as well as one of the leading Republicans of southern Illinois. His bride was formerly domestic science teacher in the Marion High school. She is the daughter of Probate Court Clerk Freeman of Danville and is a graduate of the Illinois Woman's College at Jacksonville.

Hartwell and Miss Freeman were members of the auto party several months ago which was struck by a Burlington train. Two of the other occupants were killed and for several days Hartwell and Miss Freeman lingered between life and death.

**SUIT AND COAT SALE MONDAY AT HERMAN'S.**

#### AUTOMOBILE NOTES.

Mrs. W. T. Capps, Mrs. R. C. Reynolds, Mrs. H. H. Bancroft and Mrs. C. A. Johnson spent Saturday in Springfield. The trip was made in the Capps auto.

## SPECULATE ABOUT COUNTY OFFICE APPOINTMENTS

Rumors Afloat as to Deputies County Officers May Name—Sheriff Elect Has Big List of Applicants.

With the election of new county officers who are to enter upon their duties Monday, December 7th, there naturally has come about considerable speculation as to whom the deputies will be. There is really more talk about appointments in the office of Sheriff-elect Graff than in any other, and it is said that he has received sixty-two applications. Mr. Graff since election has appeared on the streets but little and the Journal has no direct information whatever as to his probable appointees.

Rumor has it however that W. C. Green is to be retained as office deputy and that Benjamin Andrews of the present force may also be continued. Harry Norris is looked upon as a very likely appointee for riding deputy and L. P. Owen is another possibility. Clark Stevenson, George Eads and Harry Smith are also said to have been considered and the name of Byron Graff, son of the sheriff elect, has also been mentioned. Friends of Byron Graff, however, state that he has no wish to take a position in the office. The sheriff has charge of the court house, and Howard Wannamaker is reported as slated for the janitorship, with Charles Jackson or William Blue, as assistant. W. C. Green, who is likely to be retained in the office, has held that position under a number of sheriffs and collectors of varying political faith, and is thoroughly posted on the duties of the position, possibly more so than any other man in Jacksonville.

Treasurer Elect Masters has been staying out on the farm since election but it is understood that he has plenty of applicants to choose from in selecting his office deputies. It is natural to suppose that James Elie, who is the present office deputy, would not be averse to retaining his position and there is a rumor that Deputy Sheriff Eugene Ketterling, who has been in the assessor's office before, would like to have the position. Gilbert Masters, a brother of the assessor, is a deputy in the office of the circuit clerk and there has been a rumor that he would take a like position under his brother. However, as stated before, the Journal has no direct information at all upon any of the probable appointments.

In the office of C. A. Boruff, county clerk, it is not likely that there will be any change and the three deputies, John Ferry, C. W. Boston and H. R. Hart, who have been serving will probably continue. H. H. Vasconcellos, superintendent of schools, has one appointment to make but thus far there has been little speculation as to whom he will name. Before election it was reported that Dennis Whalen of Franklin might get the position, but that it is understood since that time that Mr. Whalen is not an applicant.

YOUR DECEMBER DELINEATOR it at HILLERBYS. Its a great Christmas number.

## WINCHESTER.

Carl Hieronymus went to Beardstown Saturday.  
Miss Leale Riggs, who teaches music at Alton is here for a brief visit with her parents, Mr. and Mrs. J. M. Riggs.

Grant Mader and family of White Hall are Sunday visitors in Winchester.

The Winchester High school basketball team went to Bluffs last night where they played the Bluffs High school.

Miss Ruth Markille is spending Sunday with home folks. She is teaching at Exeter.

Mr. and Mrs. Carl Neat, Mr. and Mrs. R. R. Gates and Dr. William O'Rielly went to Jacksonville Friday night to see the show at the Grand.

Miss Margaret Marden left Saturday for a visit in Versailles.

Miss Jennie Flynn is spending today with friends in Meredosia.

Mr. and Mrs. Elmer Hale returned to Waverly Saturday after visiting relatives here.

Mr. and Mrs. Edward McKillie spent Friday in St. Louis.

Mrs. Maud Moore of Bluffs is visiting her sister, Mrs. Arthur Markille.

Postmaster Beird of Bluffs spent Saturday in Winchester.

GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.

STORM WAS SUDDEN.

The storm which came up suddenly Saturday night shortly after seven o'clock, accompanied by considerable hail, was confined more to the country north of Jacksonville than it was to the south. At Winchester and Franklin there was some rain but no hail. The suddenness of the storm recalled the big drop of the mercury the 11th of November three years ago. That afternoon, it will be remembered, was exceedingly warm with a temperature of 78, and by night the thermometer had dropped to freezing point.

GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.

Mr. and Mrs. H. M. Chenoweth, Mr. and Mrs. Henry Staublefield, Mr. and Mrs. Edward Kincaid and Miss Catherine Bauer of Greenfield, are expected in the city this morning to spend the day at the home of several friends.

**Bernard . Gause**

PLUMBER 223 E. STATE ST.

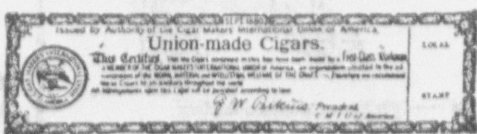

HERE are some statistics gathered from the records of the Cigar Makers International Union. They are interesting at this time. They show the effects of the economic organization, which uses this label.

In 1890, 49 per cent of the amount expended for sick benefit went to those suffering from tuberculosis.

In 1910 the total amount expended for sick benefits was \$189,438.59, of which amount about 21 5-10 per cent, or \$40,729.30, was paid to members suffering from tuberculosis.

In 1911 the total expended for sick benefit amounted to \$201,296.03, of which amount 20 1-10 per cent, or \$40,460.50, was paid to members suffering from tuberculosis. This shows a reduction of 28 9-10 per cent in 21 years.

These figures are based on a general average, while as a matter of fact, those suffering from tuberculosis are more generally sick, and hence more liable to draw sick benefit, so that the average amount is necessarily and reasonably not fully covered in the figures given.

## MILLIKIN WINS FROM ILLINOIS

STOPS LOCAL'S MARCH TOWARD CHAMPIONSHIP HONORS.

Decatur Schools Takes Hard Fought Gridiron Struggle Before Big Crowd, Score 19 to 6—Work of Millikin Scouts as to Illinois' Plays Was Evident.

Outweighed, outclassed, out-guessed but not out-gamed, Coach Harmon's hitherto undefeated eleven was forced to lower its colors to the husky bunch coached by Price of Millikin university of Decatur. It was a heartrending contest from the very first minute. The largest crowd of the season was out filling grand stand, bleachers and lining up deep along the north side lines. A portion of the grand stand was reserved for Illinois rooters, and it was loaded to the guards with as enthusiastic a bunch as ever cheered on the blue and white. The Illinois rooters to the number of 80 or more accompanied by the college band made the trip to Springfield via the Wabash. At Springfield Superintendent Miser of the I. T. S. was on hand and a special of two coaches was placed at the disposal of the Jacksonville crowd. The run was made in fast time and on arriving at Decatur was received by members of the team who had gone on before.

## RUSSIANS RECH POSITION ON EAST PRUSSIAN BORDER

(Continued from page one)

merchants and several prizes the Germans had taken. Of these vessels one destroyer ran ashore and was captured and it is believed the Austrian cruiser was blown up. It is possible that the German ships met a similar fate.

Great Britain is not yet satisfied that all has been told of the Pacific naval battle and continues to hope that the German cruisers Leipzig and Dresden, which engaged the Glasgow and which have not been reported since the battle, have at least been damaged.

## QUEER JOURNALISTIC FEAT.

It Hit the London Times and Boomed the Manchester Guardian.

Once there was an obscure subeditor of the Manchester Guardian in England. It was a long time ago, and the Guardian was scarcely known outside of its own city.

The subeditor had a habit of drinking ale until he was so drowsy that he could not lift his head from his desk. On one occasion the composing room was yelling for "copy," as the editorial page was absolutely vacant.

The subeditor had been asleep on his desk for hours and his pen had been idle. The foreman of the composing room finally succeeded in arousing the man and yelled in his ear that something must be done for copy.

Whereupon the sleepy one grabbed a pair of shears and clipped one whole column from the editorial page of the London Times. At the top he wrote in a crabbed hand:

"What does the London Times mean by the following?"

It was printed, column and all. That single quizzical introduction made the Manchester Guardian famous. People began to ask what the Times did mean by the editorial, which was on a rather revolutionary subject. The subeditor slept for several hours, but John E. Wilkie says his paper's greatness began from that moment.—Washington Star.

## "Engaged Man's Panic."

"Engaged man's panic" is as familiar a phenomenon as the squawking of a captured chicken or the flopping of a hooked fish. And woman instinctively anticipates it, feels it before it actually begins, deals with it according to her abilities. No woman ever feels that this is a slur upon her. She knows that it does not involve her, but is only the nervousness of the free at the touch of the matrimonial bridle—and that bride, as she knows and as he knows, is not in her hands, but in the hands of society. Even the man marrying for a home, even the man marrying for children or for money, even the man marrying because only by marriage can he hope to get some one to associate with him, hear with him, listen to him on terms of his own arranging—even these men feel the nervousness as the bridle drops over their heads and the bit presses their quivering lips.—From "Dignified Wife," by David Graham Phillips.

## "Knotty" History.

Tying knots in a handkerchief to jog one's memory had its origin in China thousands of years ago. Before writing was invented in that country, which did not happen until 3000 B. C., memorable and important events were recorded by long knotted cords. The most ancient history of China is still preserved as told by these knots. When Emperor Tschang Ki invented writing the entire system of "knotting" was abandoned. And today the memory knots made by us in handkerchiefs are the only surviving descendants of that ancient custom.

## Cooper's Hawk.

The almost universal prejudice against birds of prey is due to the activities of a few members of the hawk family, chief among which is the Cooper's hawk. Cooper's hawk usually approaches under cover and drops on unsuspecting victims, making great inroads on poultry yards and game coverts. This bird, together with its two near relations, the sharp shinned hawk and the goshawk, should be destroyed by every possible means.

with forward pass for 20 yard gain. Millikin held here, and ball changed hands. Millikin was unable to gain and kicked. Illinois used the forward pass, failing twice. Millikin here opened up and two passes gave them 20 yards. The shift added 5 on the ten yard line. I. C. held and Catlin tried for place kick, this time successfully. Score, Millikin, 19; I. C. 6.

In the few remaining minutes of play Illinois made a game effort to add to her score, but the odds were too great, and the whistle blew for the end of the game, with the ball in midfield in Millikin's possession and the score at 19 to 6 in favor of Millikin.

The line up:

I. C.	Positions	Millikin
Adrian	c	(Capt) Price
Russell	rg	Catlin
Frisbee	rt	Cox
Karch	re	Sutherland
Butcher	lg	Reeder
Mitchell	lt	Jenney
Pierce	le	Devore
Stewart, Gary	qb	Bailey
Wilson	rh	Lee
Alford (Capt)	lh	Songer
Jones	fb	

Summary.  
Time, 15 minute quarters. Touchdowns—Lee, Cox, Stewart. Goal from touchdowns—Catlin. Place kick—Catlin (2). Referee—Jones, Illinois university. Umpire—Lucas, Wesleyan. Head linesman—Jeromey, Dartmouth. Final score—Millikin, 19; I. C. 6.

## GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.

Uncle Geo. W. Tandy is in the city for a visit at the home of his son in law, J. L. Capps on North Church street. He has for the past month been a visitor at the home of his daughter, Mrs. Allen Parks in Webster, Ia.

If every man who experiences trouble in adjusting his neck the today, will call at FRANK BYRNS Hat Store tomorrow, he can learn how this trouble can be eliminated.

## HOG FEEDERS

Pat. Applied for 100 bu. size.

We have at last discovered the best and healthiest hog feed. It is 1-2 corn and 1-3 wheat and 1-6 oats cooked until 10 bushels will make 25 bushels in bulk, then draw off 25 gallons of syrup, and add 50 gallons of water and then add 25 gallons of ground wheat and oats to thicken the slop, feed it warm if possible. This will make 100 gallons of the best slop ever fed a hog.

Come and see 160 head I am feeding on 10 bushels of this mixture of dry grain per day and you surely will be convinced it is the only way to feed. They are running on my wheat stubble sown in clover, all eat regular and perfectly healthy. If I tell you what they are gaining you could not believe it, so come and see them, and you will say they are doing better than hogs fed twice the amount of dry grain.

Yours for producing more beef and pork,

## CHARLES WOOD R.F.D. NO. 6

## FACILITIES

Perhaps you have always thought that any printing office could do your printing in a satisfactory manner, and we do not say such is not the case, but we do ask you to compare our facilities with that of any other establishment in this vicinity, and then ask you to decide whether or not our facilities are superior. A recent addition to our equipment is a Linotype. We might say that this is the only one in the city in use in a Job Printing Plant exclusively. If you have not seen it, just step in and we will be glad to show it to you.

## HIGHWAY ASSOCIATION HELD SESSION SATURDAY

Resolution Adopted Urges the County Board to Take Steps for Hard Road by South Route.

Members of the Morgan County Association of road officers held a meeting Saturday afternoon at the court house. Various matters of interest were discussed and the association by a unanimous vote adopted a resolution urging the county board to make a beginning of hard road building on the Morton road.

The resolution adopted was as follows: "Resolved that we, the Morgan County Highway & Clerks association do hereby recommend and urge the county board to build the proposed hard roads connecting Springfield and Jacksonville on the Morton road, known as the South road. This action is immediately urged in order that the county can avail itself of the state aid funds, which have been allotted for her use."

Why continue to be bothered with ill fitting collars when you can secure the satisfactory, Silver, Stylish, Serviceable Collar of FRANK BYRNS Hat Store.

## MATRIMONIAL

Bertram-Heidbreder.

Friends in the city have received invitations to the wedding of Miss Elsie W. Heidbreder and Mr. William Bertram at the home of the bride's parents, Mr. and Mrs. H. August Heidbreder, 1124 Jefferson street, Quincy at 4:30 o'clock, Wednesday evening, Nov. 18th. They will be at home after Dec. 1, at Port Hope, Mich.

The groom will be remembered by many in this city where he was teacher in the Salem Lutheran Parochial school, on West College street about a year ago and was a student in the music department at the Academy.

Corbridge-Hausen.  
Clay Corbridge and Miss Thelma Hausen, who were married last Tuesday evening at 7 o'clock at the Century M. E. parsonage by Rev. G. W. Flager, desired to keep their marriage a secret, but their friends learned of the fact and they have been receiving congratulations.

She is the daughter of Charles Hausen, the family having moved here recently from Meredosia. The groom is the son of Mr. and Mrs. F. W. Corbridge of 723 Ashland avenue and is employed as a blacksmith at the C. P. & St. L. car shops.

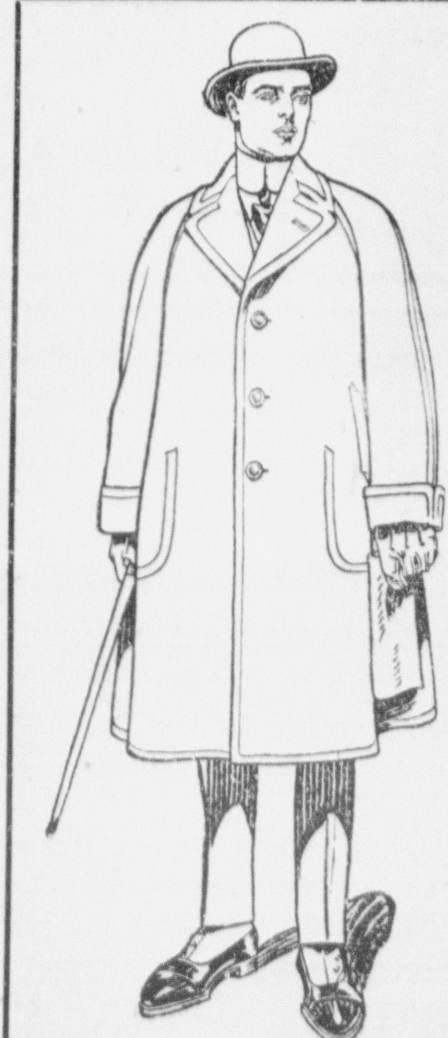

Wiggins-Richards.  
The marriage of Walter Wiggins, son of J. W. Wiggins of Tipton, and Miss Mary A. Richards, daughter of Mr. and Mrs. J. C. Richards of Murrayville took place recently at the home of the groom in Ashland. The bride is a trained nurse and is graduated from Passavant hospital. The groom is associated with his father in the grocery business.

GOOD SEATS LEFT FOR ELKS' ENTERTAINMENT ON MONDAY NIGHT.

John A. Rawlins left Saturday for his home in Bartlesville, Okla., after a pleasant visit with his father, G. B. Rawlins and his aunt, Mrs. John Robertson.

### MURDERER SCHMIDT'S APPEAL

TO BE HEARD MONDAY

Man in Death House for Killing of Anna Amueller Seeks New Trial.

New York, Nov. 7.—Argument on the motion to grant a new trial to Hans Schmidt, the Bavarian priest, now in the death house for the murder of Anna Amueller on the night of September 2, 1913, will be heard tomorrow in the criminal branch of the Superior Court. The defense will produce what is claimed to be new evidence as to the death of the girl, and the substance of this evidence has been furnished the district attorney's office by Attorney Kooblie. Schmidt, who had been exercising the functions of a Roman Catholic priest in New York for nearly three years, despite the fact that he was not registered in any diocese, confessed to Inspector Faurot, Corner Geinberg and Deacon Murphy, deputy assistant attorney, on September 14, 1913, that he had cut the throat of Miss Amueller, sawed the body into nine pieces and dropped the bundles containing them into the Hudson river from a ferryboat.

Schmidt, in confessing the crime, is alleged to have said: "I was commanded by my patron saint, St. Elizabeth of Hungary, to offer a sacrifice; like the sacrifice of Abraham, it must be one of blood. St. Elizabeth also told me that in order to consummate the sacrifice, I must drink some of the blood of the offering. So I killed Anna Amueller, and after I had done so, drank some of the blood in order to consummate the sacrifice."

The murdered girl was a Hungarian, 20 years old, who had come to New York to better her condition. She was a servant, and while employed at the rectory of St. Boniface church, met Schmidt, then the priest of the parish. The couple obtained a marriage license and Schmidt in his confession said he had performed the marriage ceremony himself. The girl was established as his wife in a meanly furnished flat, where she was slain and dismembered.

Schmidt told how he had gone to a second hand store and bought a butcher knife and a small carpenter saw. These implements he had with him when he entered the little flat and found the girl asleep. He concealed the saw and knife before he turned on the gas, for fear his intended victim might awaken. When he found her fast asleep with her throat exposed, Schmidt crept to the bed, drew the knife across the throat of the sleeping girl, and, as he said, "she never knew what happened." He dragged her to the bathroom, where he got about the task of dismembering the body in the bathtub. He removed the head first, using the knife and saw. Then he severed the upper part of the trunk, then the arms and legs. He wrapped the parts in brown papers, and tied them with wire.

The following morning, Schmidt confessed, he returned to the flat, and completed the work of wrapping the bundles and weighting them. He proceeded to carry out his plan of disposing of them. He took the head to a ferryboat and while crossing threw it overboard. The other parts were disposed of in similar manner. Schmidt then tried to eradicate the blood stains in the flat, and was successful in part. He took the mattress to a neighboring unoccupied plot of ground and burned it without exciting any attention. The murder tools were left in the flat.

The murder was a two-weeks' mystery in New York, and the only clue was a pillow-slip in which a part of the body had been wrapped. The makers traced the sale to a New York store, and it was found that Schmidt had bought a bed and some bed clothing there. Night and day the police watched the flat, but no one came. The police finally broke into the flat, and evidence of the crime was found.

Schmidt is 34 years old, of dark complexion, medium height and is well set up. The Catholic clergy do not believe the man is insane, and that the credentials which he presented here were forgeries. The man seemed to be devout and he was allowed to say mass, although he was never officially admitted into the diocese.

### NEW PROCESS FOR REFINING ORE.

Dr. Howard Carriel, who for some years has been a resident of Marquette, Michigan, is interested financially in a new process iron furnace which has recently been invented and which is to be utilized at Marquette. The process including the furnace which has been invented gives every indication of its success, but this has not yet been demonstrated with absolute certainty although a great factory has been built. The process will mean the utilization of unnumbered billions of tons of low grade iron ore that cannot now be handled because of the excessive cost. The success of the furnace would inevitably mean that great steel mills would be built in Michigan for iron production will be so cheapened that the makers of finished and semi-finished steel will not be able to forego the advantages of a location close to the source of supply. The first fires were lighted beneath the new process furnaces one day last week, and the process represents the production of the life work of John T. Jones, a chemist and iron expert, who has for many years been a resident of Marquette.

### MAKE GOOD RECORD.

Sixty per cent of the pupils neither absent nor tardy for the month of October is the record held by Walnut Grove school, near Joy Prairie, taught by Miss Mabel Pranning. Of the sixteen boys and girls the eleven with the good record are Harry and Robert Furry, Harold and Robert Cully, Ray and Florence Ehrlich, Eugene Stanley, Vernon Alexander, George Wilkie, Howard Kennedy and Ruel Challiner.

### EUROPEAN WAR NOTES

#### Turkish Communication.

London, Nov. 7.—The following official report from the Turkish army headquarters in Constantinople was received here tonight from Berlin by the Marconi wireless telegraph company:

"On the eastern frontier our troops are in touch with the enemy along the entire front."

"In the roads of Smyrna three large English ships and several English and French steamers have been seized."

#### Chilean Red Cross Steamers Sail.

Valparaiso, Nov. 7.—The Chilean steamers Valdivia and Chiloe, flying red cross flags, have sailed with sealed orders from the government. The transport Malpo was despatched earlier.

It is assumed that the mission of the vessels has to do with the report that the British cruiser Monmouth was driven ashore on the Chilean coast after the naval engagement of Sunday.

#### Censors are French Professors.

Paris, Oct. 30.—Correspondence of The Associated Press.—Censors at the war office are being recruited from professors of languages at French universities. Force of habit is so strong with these improvised censors that it sometimes is hard for them to realize that they are on sterner duty than correcting recitation papers.

All Lordeaux was amused when it was reported that a telegram transmitting a news despatch from the battle front was stopped on the sole ground that it contained defects of style.

#### Similar to Balkan Situation.

Rome, Nov. 7.—Despatches from Constantinople describe the situation there as outwardly much as it was during the Balkan war. Foreigners are regarded with suspicion and keep to themselves, except in the case of Germans who may be seen everywhere.

German money is so plentiful that it is often accepted as though it were Turkish.

The governing classes are described as appearing solemnly confident but the army is declared to be totally unprepared for war. The store houses are said to be empty and no commissariat exists. Many soldiers are still wearing the uniforms worn in the last previous war and the army officers have not all been paid. It is asserted there is a scarcity of ammunition according to the correspondents, who add that since the beginning of the present war the Germans have been trying to overcome these drawbacks and to a certain extent have succeeded.

London, Nov. 7.—Engineers from the Krupp gun works are mounting heavy guns at the Belgian seaport of Ostend and facing them seawards according to despatch from Rotterdam to the Exchange telegraph Co.

#### Russian Statement.

Petrograd, Nov. 7.—The Russian general staff has issued the following:

"On the East Prussian front the Russian troops are developing with success an offensive in the region of the forest of Rominten and Lyck (East Prussia)."

"The German rear guard was dislodged by us from Mlawka on November 4, suffering great losses."

"Beyond the Vistula the enemy continues to fall back. A German column passed through Czestochowa, Russian Poland, moving west."

"Minor engagements have occurred near Warta and on the road from Andrejew to Mechow near Merzawa."

"In Galicia the Austrians in their retreat left behind them many soldiers ill with cholera at Jaroslaw, Przemyśl and villages on the San."

#### Fugitives Augment Reverses.

Rome, Nov. 7.—Official communications received in Rome from the Russian army headquarters state the Austro-German reverses in Galicia and Russian Poland are being augmented daily by the fugitive troops communicating panic to their reserves.

The Austro-German cavalry forces are depicted as being in an especially pitiful condition. A part of the force, it is said, was massacred by the outnumbering Cossacks; the remainder being routed and pursued in utmost confusion.

Austria and Germany had entered about 20,000 of their best cavalry, half of which force, the Russians maintain, is now lost.

Once the Austrian and German cavalry was disposed of the Russians directed their efforts to the cutting of the five armies, into which the Austro-German forces were divided, from their western base of operations. The Russians forced them to the southward at the same time inflicting heavy losses.

The Austro-German casualties are said to aggregate over 30,000 men in dead and prisoners. The Russians also claim to have captured 200 cannon.

#### Germans Use Petticoats.

Paris, Nov. 7.—One of the latest of the German ruses is to disguise themselves as women, according to semi-official information given out in Paris today.

In this garb German soldiers recently went out to gather potatoes in a field near Senones, while in the neighborhood of Trois Maisons, a German convoy was observed apparently escorted by a group of women. In both cases the fraud was discovered by the French troops, who opened fire. The disguised soldiers ran and under their skirts appeared the boots of cavalrymen.

#### French Statement.

Paris, Nov. 7.—The French official communication issued tonight says:

"Today the activity of the Ger-

mans has been general on the whole front, but all their attacks have been repulsed, notable those which they directed on Cambrai, Aix-Noulette and La Chesnoy-en-Santerre.

"We have taken a few trenches in the region of Thiepval, at the north of Albert, occupying our former trenches at the northeast of the village of St. Remi on one heights of the Meuse."

**DECEMBER DELINQUENTS** just arrived at Hillerby. 900 families are reading them. Are you?

#### PROBATE COURT.

Estate of W. C. Manley, deceased; final report approved.

Estate of Nora A. Manley, deceased; final report approved.

Estate of G. W. McGinnis; petition for letters of administration allowed.

Estate of Catherine Carroll, deceased; inventory approved and petition to omit appraisal allowed.

Estate of Bert A. Taylor, deceased; inventory, appraisal bill and widow's award and selection approved.

Estate of Nancy Howe, deceased; inventory approved.

Estate of Henry Nergenah, deceased; petition for letters of administration allowed.

If you want something nice for Sunday's dinner order a quart of Maple Moose from Vickery & Merriam's.

#### WITNESSED GAME.

About a dozen young lady students of the Beardstown high school were over to witness the football game on the college grounds yesterday. They were noticeable from their uniform headwear which was a knit cap in the colors of their school, old gold and black. Those whose names were obtainable were Misses May Layman, Verna Coleman and Ruth Dietrich.

Union Men! I carry a complete line of union table goods. Tom Duff, ner Co.

### Lamentation

The melancholy days have come, the saddest of the year; our bank accounts are out of plumb, and all we buy is dear. I take downtown my large green roll, that would a heifer choke, but when I've bought my winter's coal, I find that I am broke. I seek my uncle's aquadine den, where my great-coat's in brine; alas, when I come out again, an empty purse is mine. In tears that from my eyelids leak, my whiskers are awash; it takes the wages of a week, to buy a Hubbard squash. When to the butcher's shop I slope, for nice lean pork to fry, I always need a microscope to find the meat I buy. I draw good wages for a dub, but by my halidome, when I have bought my dailies, I haven't car fare home. In summer manly grub I haven't car fare home. In summer manly grub I haven't car fare home. In summer manly grub I haven't car fare home.

he has grief till in despair he k-cks and breaks the thills. The melancholy days have come, the saddest of the year, when all the prices skyward hum and things are doubly dear.

### LARGE WALL MAP OF WORLD WON BY LADIES OF C. W. B. M.

Awarded for Excellence of Paper by President on "How to Interest People in Missions" Eleven Members Added at November Meeting.

Announcement was made at the November meeting of the Christian Woman's Board of Missions, Friday afternoon at Central Christian church, of the good fortune attending the resident, Mrs. S. Thornberry, who had fulfilled the terms of an officer made some weeks ago by Mr. Waggoner of Eureka and won for the organization a large wall map of the world. Mrs. Thornberry wrote a paper on "How to Interest People in Missions," which was judged favorably and the map given as per agreement at a much less price than otherwise obtainable. The subject of the meeting Friday was "Service Plus Better Service," and interesting papers were read by a number. Mrs. W. J. Fell led the devotionals and Mrs. Ella Taylor discussed, "Better Service in the C. W. B. M." Miss Eleanor Thompson's production was entitled "The Child in the Midst" and Mrs. W. T. Clarkson read a paper, "In Red Man's Land."

Plans were discussed for C. W. B. M. day which will be some time in December. Mrs. Porter, the state president, will probably be in attendance.

The members, both active and sustaining voted in at this meeting of the society were Misses Lulu and Libby Short, Dr. C. C. Patchen, J. W. Hubble, Rev. and Mrs. M. L. Pontius, John R. Loar, Mrs. Hulet, Mrs. S. W. Babb, Mrs. Lulu Simms and Mrs. Gustafson.

## MICHIGAN OVER HELMS PENNSYLVANIA 34 TO 3

Penn's Only Score is Made in First Period—Other Games.

Ann Arbor, Mich., Nov. 7.—Tearing Pennsylvania's defense to shreds in the second and third periods, the University of Michigan football eleven won by 34 to 3 victory today. The size of the score was a surprise, even to Partisan Michigan rooters.

Pennsylvania's only score was made in the first period. Merrill caught a Michigan punt near his own goal line. He dodged a Wolverine end and three times he wrenched himself loose from tacklers. He was finally downed on the Michigan's 43 yard line and, a moment later, after two short gains, Matthews dropped-kicked a goal from the field.

The game was rough. There were many penalties and each team suffered often.

Maulbetsch, Cattlett and Merrill were the stars on offense. Dorizas stopped, several of Maulbetsch's rushes. Michigan's line held like steel and Pennsylvania made most of its gains on forward passes and running back punts.

Harvard 27; Princeton 0.  
Cambridge, Mass., Nov. 7.—Harvard crushed Princeton by 27 to 0 today in their annual football game. Aside from the surprising weakness of the Princeton team the contest was almost featureless. The Crimson outclassed the Tigers in every department of the play. The New Jersey collegians had little offensive or defensive strength, which made the victors task of rolling up the biggest score that a Cambridge team has ever registered against Princeton an easy one.

The losers nearest approached to the Crimson goal line was made in the first period when the Orange and Black secured the ball on a fumble on Harvard's thirty-five yard line. Even with the spheroid well in their opponents' territory at a period of the game when all the attacking players were fresh, Princeton was unable to retain this advantage, relinquishing the ball on the first play by a disastrous fumble. With the danger passed, Harvard immediately took command of the situation and never thereafter seriously threatened.

Iowa 27; Northwestern 0.  
Evanston, Ill., Nov. 7.—Iowa rolled over Northwestern's eleven by 27 to 0 today in a contest which included as features some brilliant back field work by the Hawkeyes and a brilliant battle by Purple against a superior team. Weakened by the absence for the greater part of the game of Captain Hightower, Northwestern was favored by fortune in other respects, while fumbles at critical periods nullified some of the Iowans' best attacks.

Gross, Parsons, Donnelly and Garrison and later Willis skirted the ends and crashed through the Evanston line in sparkling plays. Gross and Parsons each was credited with a run exceeding sixty yards and there was not the slightest semblance of a fluke in either.

Patterson's punting helped save Northwestern from a worse defeat but Garretson's kicks were also effective. Forward passes were tried by both sides with varying results, the percentage of failure being greater than that of success.

The game was rough as well as ragged but it was full of thrills for the spectators.

Missouri 32; Drake 6.  
Des Moines, Ia., Nov. 7.—Missouri University overwhelmed Drake University today at Drake stadium by a score of 32 to 6 in a game replete with good, bad and indifferent playing. Drake lost many chances to score because of fumbling and poor playing, while penalties of 100 yards assessed against the visitors robbed them of at least one touchdown and gave Drake its only score.

Knox Defeats Lombard.

Galesburg, Ill., Nov. 7.—Knox college today defeated Lombard 19 to 14 in a closely contested game here. Knox scored a touchdown in the third period on a line plunge by Rosson, who later kicked goal. Stove for Knox and Seeley for Lombard made goals from drop kicks.

Navy, 21; Fordham, 0.  
Annapolis, Md., Nov. 7.—Navy defeated Fordham in a one-sided contest on the Academy gridiron today 21 to 0. The Midship's attempts at forward passing and open playing were unsuccessful, the only plays upon which they could depend being wide end runs and tackle plunges.

Morningside 7; Nebraska 34.  
Lincoln, Neb., Nov. 7.—Morningside college scored on the Nebraska football team today when the local team fumbled in the last minute of play. Morningside recovered and a forward pass for 26 yards sent Vernon over for a touchdown. The final score was Nebraska 34; Morningside 7. Nebraska toyed with the collegians throughout the game. Halligan's two long runs for sixty yards, for touchdowns for Nebraska were the features of the game.

Ohio State 13; Indiana 3.  
Indianapolis, Nov. 7.—A series of brilliant forward passes in the third and fourth quarters netted Ohio State two touchdowns and the Buckeye eleven won today from Indiana by 13 to 3. At line smashing and punting, Indiana proved superior.

Northwestern Wins Cross Country.  
Chicago, Nov. 7.—Northwestern University won the intercollegiate cross country run here today defeating the University of Chicago by 26 to 29. Campbell of Chicago led the field home, completing the five miles in 26 minutes, 20 seconds. Captain Osborne of Northwestern was second and Prasley of Northwestern third.

Yale 14; Brown 6.  
New Haven, Conn., Nov. 7.—Yale played below form today and the eleven was forced to extend itself to the limit to defeat Brown by 14 to 6. With the regular Yale backfield, ex-

cept Ainsworth, watching the Harvard-Princeton game at Cambridge, the second string backs played loosely and made costly fumbles when within the scoring zone.

Minnesota Wins.  
Minneapolis, Nov. 7.—University of Minnesota took first five places in the dual cross country run with the University of Wisconsin today. Six men composed each team.

## FOOTBALL RESULTS

## RAILROAD ARBITRATORS WILL MEET IN CHICAGO.

Board to Consider Differences Between Western Roads and Employes.

Chicago, Nov. 7.—Arbitration as a means of settling labor disputes will undergo its most severe test, because of the many interests involved, when the board of arbitration takes up here on Monday the differences between the western railroads and their employes. Fully 65,000 employes are affected by the issue, which is the wage scale, and 98 railroads are lined up in opposition to an increase. The increase asked by the men would total \$33,000,000 a year in their pay envelopes.

President Wilson in a personal appeal last August to the railroads operating west of Chicago averted an impending strike of 65,000 locomotive engineers, firemen and hostlers. The employes had asked for an increased wage and for improved working conditions. All attempts to get together for a settlement had failed, and the men had voted for a strike by a 97 per cent majority. The president called a conference, which resulted in an agreement of the roads to accept arbitration.

The board which will organize Monday and immediately begin hearings, will be composed of six members, two representing the employes, two from the railroad ranks and two neutral members, appointed by the federal board of mediation and conciliation.

Timothy Shea, vice president of the locomotive firemen and engineers, and Fred Burgess, vice president of the Brotherhood of Locomotive Engineers, will represent the workmen, and H. E. Byram, vice president of the Chicago, Burlington & Quincy, and W. L. Park, vice president of the Illinois Central, will look after the rail interests.

W. S. Stone, president of the locomotive engineers, and W. S. Carter, president of the firemen and engineers, will serve as counsel for the labor organizations, and the railroads will be represented by A. W. Trenholm, chairman of the general managers' association, and J. M. Sheehan of Chicago.

See the new Morra Color at Duffner's.

WOMEN SHOULD TAKE WARNING  
If the statement made at a New York assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression, that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

## JACKSONVILLE TOYS WITH BEARDSTOWN

COMPLETELY SWAMP'S AGGREGATION FROM CASS COUNTY

One-Sided Game Ends in a Score of 73 to 14 in Favor of the J. H. S. Eleven—Visitors Outclassed at Every Point of the Game.

Jacksonville high school football team toyed with Beardstown high for four periods of fifteen minutes each on Illinois field Saturday afternoon, resulting in a score of 73 to 14 for the locals. The game was so one-sided that it almost lost its interest as a gridiron contest. Beardstown was outclassed at every point of the game and the locals if they had so desired could have made it still higher. Through their listlessness Beardstown was enabled to score twice.

Beardstown made a desperate effort in the second half of the game to come back but Coach Buland's scoring machine was well oiled yesterday, when work was needed and the local men had no trouble in getting where they wanted to. Byatt distinguished himself by several brilliant plays and Reynolds, Boxell, Maddox, Killbrev and in fact all the men were in the game. While the lads seemed to slack their pace at times because of the big lead, yet in the main they were in much better form than last Saturday when they played Peoria Central. Reynolds received an injury to his foot along the latter part of the contest, and Maddox lead the team as quarter back in a snappy style.

The game ought to afford Coach Springer of Beardstown an opportunity to see the weak spots in his squad. At times the visitors spurred up and seemed as though they were going to tear J. H. S.'s interference to pieces but the spurt only lasted a few minutes. In Cone, left half back they have a good man and Duchart, Mohlman and Baujan played a good game. Nixon has the ear marks of a good end. The visitors had a good line of forward passes and handled them well on several occasions almost getting away on them, which would have meant a consistent gain.

The Jacksonville team has been trying to get a line on the strength of the Greenfield team, who cancelled their game with Jacksonville because the locals would not stand for Greenfield picking both officials from the St. Louis university. Greenfield defeated Beardstown by a score of 27 to 2 and now comes Jacksonville with a defeat of 73 to 14 to the Beardstown eleven.

Beardstown also defeated Macomb high by a score of 26 to 3. Macomb being the game which Jacksonville intended to play yesterday but the negotiations did not materialize. Jacksonville will play Quincy at Quincy next Saturday and the following Saturday will play the East St. Louis eleven on Illinois field.

The line up:  
J. H. S. Position Beardstown  
L. Thompson R. E. Nixon  
Meyers R. T. Heltz  
Reynolds R. G. Clark  
Herring C. Broeker  
Robinson L. G. Wallace  
Strawn L. T. Bruester  
Pyatt L. E. Von Fossen  
Reynolds Q. B. Baujan  
Maddox R. H. B. Mohlman  
Boxell L. H. B. Cone  
Killbrev F. B. Duchardt

Summary:  
Touchdown—Killbrev, 7; Reynolds, 2; Boxell 1; Maddox, 1; Nixon, 1; oMhlman, 1; Subb; Jacksonville, 3; Sorrels, Smith; Beardstown: Paris, Waddell, Wright.  
Referee—Morse (Ames); Umpire—Darragh (Illinois College); Headlinesman, Tandy; Time-keeper—Rayhill.

## HOME COMING DAY AT GRACE CHURCH.

It is the desire of many that a special day before the inclement weather sets in be given for Cradle Roll, Home department and old people of the Sunday school and church. Today has been fixed as the date for Home Coming Day. The Cradle Roll members of the primary department of the Sunday school will be received and some very interesting exercises will be given by the primary department. The Home department and some special music will be rendered by short talks. At 10:45 Rev. Mr. Miller will preach on "The Treasures of Old Age" and all of the old members and friends of the church will be the guests of honor. Mrs. Helen Brown Reid will sing a beautiful number at this service and the chorus choir will lead in singing the old time favorite hymns. All of the members are urged to attend during the day some or all of the services.

Any of the elderly people who are not provided with conveyance to the church are requested to call Illinois phone 1504 and a way will be provided for them to reach the church and their home again.

HOLD BOX SOCIAL.  
A box social was held at the Ruble school near Alexander Friday evening, which was attended by more than sixty persons. A delightful social time was enjoyed and in the sale of boxes \$21 was realized, which will be used toward the purchase of an organ for the school.

ENTERTAIN COUSINS AT DINNER  
Mr. and Mrs. C. W. Cully, residing in the Salem neighborhood, had the pleasure a few days since of entertaining at dinner Mr. and Mrs. George Stout and daughter Miss Edna and son Ernest, Mr. and Mrs. Tillman Stout of Jacksonville; Mr. and Mrs. Durrell Crum and Mr. and Mrs. Ora Crum of Litchberry; all cousins of Mr. and Mrs. Cully. An excellent dinner was served and the visit proved an enjoyable one.

## FRANKLIN FARM INSTITUTE AWARDS

The complete awards in the general exhibit at the Franklin Farm Institute were as follows:

White corn—Robert Shalketon, 1st; Rich Whalen, 2nd; John Whalen, 3rd.  
Yellow corn—A. H. Deuwer, 1st; Lewis Roberts, 2nd; Al Clark, 3rd.  
Corn sweepstakes—Robert Shalketon, 1st.  
Wheat—Lester Bateman, 1st; Glenn Eby, 2nd.  
Oats—F. O. Brown, 1st; J. C. Anderson, 2nd.  
Clover seed—Lloyd Spires, 1st; Peter Roberts, 2nd.  
Soy beans—Otis VanWinkle, 1st; Sherman Luttrell, 2nd.  
Alfalfa—Charles N. Wyatt, 1st; M. L. Roberts, 2nd.  
Irish potatoes—Pinky Bottom, 1st; F. A. Seymour, 2nd.  
Sorghum—Miss Helen Seymour, 1st; Albert Gray, 2nd.  
Apples—J. W. Crawford, 1st; Charles N. Wyatt, 2nd.  
Pumpkins—C. E. Edwards.  
District school display—Durbin, 1st; Dennis Whalen, teacher; Coleoke Grove, 2nd; Miss Bertha Whitlock, teacher; Clayton Point, 3rd.  
Miss Clara Begenel, teacher.  
Bread—Mrs. Julia Wright.  
Chocolate cake—Mrs. Julia Wright.  
Caramel cake—Ollie Seymour.  
Prince of Wales cake—Mrs. J. M. Elder.  
Devil's food cake—Miss Alice Criswell.  
Angel food cake—Miss Alice Criswell.  
Nut bread—Mrs. Jesse Bateman.  
Raisin bread—Mrs. Jesse Bateman.  
Can pineapple—Mrs. Jesse Bateman.  
Can peaches—Mrs. Jesse Bateman.  
Can pears—Mrs. Jesse Bateman.  
Peach pickles—Mrs. Arthur VanWinkle.  
Apple jelly—Miss Grace A. Roberts.  
Quince jelly—Miss Grace A. Roberts.  
Strawberry preserves—Mrs. Jesse Bateman.  
Butter—Mrs. Sylvanus Scott.  
Watermelon preserves—Mrs. Anna Criswell.  
Nut fudge—Miss Helen Darley.  
Prettiest centerpiece with crochet—Mrs. Lewis Roberts.  
Fancy towel—Miss Emma Burnett.  
Embroidery—Miss Mattie Scott.  
Dolly with pitting by girl under 16—Miss Beatrice Anderson.  
Fancy apron by girl under 16—Miss Dorothy McDevitt.  
Doll dressed by girl under 12—Ruth McLamar.  
Prettiest house plant—Mrs. David Rawlings, 1st; Mrs. W. P. Six, 2nd.  
Bedspread done in crochet—Miss Maude Criswell.  
Best quilting on quilt—Mrs. Susie Thompson.  
Quilt exhibited quilted by Mrs. N. C. Wright and sister, Miss Patsy Seymour (the latter now deceased).  
Prettiest bouquet—Miss Sallie Scott.

## YOU'RE BILIOUS AND COSTIVE! "CASCARETS"

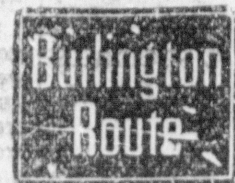

Tonight! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box now.  
Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to undigested misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomachs, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing too.

## What the War Means to the Farmer

The foreign demand for our surplus food supply is growing stronger every day. This country is being called upon to supply the bulk of the food needed by the warring nations of Europe. This means an almost unheard of demand for agricultural products of all kinds and at prices that will be high. Why not grab opportunity by the forelock, get in on the ground floor and reap your share of the benefit? There are plenty of places in the West where renters and farm hands can secure good lands on easy terms, where they can raise crops that will pay for the land in from one to three years. Hadn't you better arrange to go with me on the next home-seekers' excursion, and see for yourself the opportunities that await you at certain points along our line? A postal saying you are interested must reach me before I can tell you more about the matter.

S. B. HOWARD, Assistant Immigration Agent,  
R. 385, 1004 Fernam St., Omaha, Neb.

## Special Announcement

Having decided to retire from business as a sales agent for automobiles, the Modern Garage will hereafter specialize on Vulcanizing and Repair Work. Skilled mechanics will be constantly at the disposal of car owners and I will carry in stock also a complete line of accessories. As I will not be interested in the sale of any special car, I will be in position to give advice to any prospective car owner and can examine the machine he intends to purchase and compare its qualities with others. Car owners will find at this Garage the highest quality service at reasonable charges

**D. Estaque, Prop.**  
MODERN GARAGE

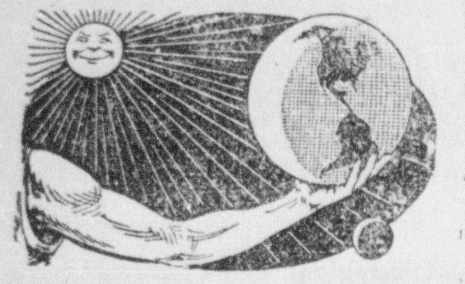

## Blood Remedy Sustains World

Myria Is Have Learned of Its Remarkable Curative Value.

From the very fact that S. S. S., the famous blood purifier is a natural medicine, it is opposed by those who can not give up mercury and other dangerous drugs. Habit is a strange master. Afflicted people use mercury with a blind force of habit. Not warned by the rheumatism they see all around them, unmindful of the locomotor ataxia, paralysis and other dreaded results of mineral poisoning, they cling to the fast disappearing treatment so surely and positively being replaced by S. S. S., wherever the light strikes in. S. S. S. is fast becoming the world's panacea for all blood troubles because it is welcome to a weak stomach, is taken naturally into the blood, is a wave of purifying influence known by its remarkable curative results, and is the standby of a host of people. It goes into the blood and remains a strong medicinal influence to the end and this without any other effect than that of a purely cleansing property.

It is the most universally recommended blood remedy known, and has sustained its reputation for half a century. Its ingredients are Nature's definite antidotes for germs that create our worst afflictions. For a bottle today of any druggist. Refuse all substitutes. Write the medical department, The Swift Specific Co., 62 Swift Bldg., Atlanta, Ga., for free advice on blood troubles, and how to overcome them. This department is one of the finest helps to men to be found anywhere, and it is entirely free.

## HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

## FALLING HAIR MEANS

DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent Bottle of Danderine Right Now.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Adv.

## IF BACK HURTS USE

SAITS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—adv.

## DISEASE RAISING PRICES ON POULTRY, HAY AND STRAW

Railroads Are Hard Hit as Result of Embargo and Clean-up Order Many Blame Democrats for Disease.

Chicago, Ill., November 7.—The effects of the quarantine at the Union Stock Yards because of the foot and mouth disease were shown today in the prices of poultry. Anticipating a stronger demand for poultry by reason of the epidemic of foot and mouth disease among cattle, the price of live fowl has advanced four cents a pound in the last forty-eight hours. The price of dressed meats so far has not been affected, and assurances given by the packers are to the effect that it will not be.

Cy De Vry, chief animal keeper at Lincoln Park, among whose specimens are a number of the cloven-hoof animals, which alone are said to be subject to the disease, took alarm at the situation today. He said that he would make certain that the hay given his bison, sacred oxen, deer and the like had not come from an infected district, and that he would not bring any new animals into the zoo for six months at least.

### Hits Railroads Hard.

The hoof and mouth live stock quarantine has hit the railroads and has resulted in an embargo which will cost the roads an immense sum in freight receipts, while in addition they must spend several dollars a whitewashing and disinfecting all stock pens and stock cars.

The embargo order has been received by all agents and by the conductors on all local freights. It was in effect, that commencing with today, they must not place cars for the loading of live stock, excepting horses and mules, or any shipment of hides, skins, hoofs, hay, straw, fodder, fertilizer, or litter of any kind, either for points in Illinois or beyond. All other shipments of live stock or products must be refused until the embargo is raised, which will probably be within a week or ten days.

It is somewhat curious that the hoof and mouth disease affects only animals with the cloven hoof. Horses and mules are exempt, and may be shipped as usual.

Raising Prices of Hay and Fodder. The embargo which the state board of live stock commissioners and the government has placed on the shipment within the state of hay, straw and fodder, will have a tendency to bring about a considerable increase in the price of these farm products, according to local grain men who have been notified of the movement against the mouth and foot disease in Chicago and other stock yards.

The restraint of shipment is also extended to interstate transportation of these products, and will make it more difficult for cities to receive a sufficient amount of hay, fodder and straw. The embargo like that which has been placed on the shipment of cattle, will be extended until Nov. 16, in an effort by the government and state to eradicate the disease.

The disease is carried in some cases, it is believed, by the shipment of cattle food which is infected with the germ which has necessitated the slaughter of hundreds of heads of cattle in Illinois.

Representatives of all railroads running into this city have received orders from the heads of the various freight departments to decline to move hay, straw or fodder from any points in the state until further orders lifting the embargo have been received. Numbers of grain men in Springfield and surrounding towns who yesterday made efforts to secure the service of railroads to move these products were disappointed when they learned that the embargo had been placed.

This will necessitate, at least for a time, the transportation of these products into Springfield by horse and wagon.

### Free Meat Brings Disease.

"The Democratic party gets the blame for everything on earth," declared an East St. Louis stock yard man with Democratic affiliations yesterday. "They are blamed for lack of rain, for too much rain, for hard times for everything. The very latest is their being blamed for this hoof and mouth disease, which is causing the quarantine of the stock yards."

Other stock yards men started the talk by stating that the Democratic free trade policy, which allowed free meat, had caused the hoof and mouth disease in this country.

"The disease originated in South America. When we had a tariff on meat no South American cattle were shipped into this country," said one dealer. "The result of free meat was South American cattle and this South American cattle disease. The Democrats gave us free meat, which, in turn, gave us the hoof and mouth disease."

### NOTICE.

I will not be responsible for any bills contracted by anyone excepting myself. H. E. Sibert.

### ADMINISTRATOR'S NOTICE.

Estate of Damon D. Robinson, deceased.

The undersigned having been appointed administrator of the estate of Damon D. Robinson, late of the county of Morgan and state of Illinois, hereby give notice that he will appear before the county court of Morgan county, at the court house in Jacksonville, at the January term, on the first Monday in January next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 7th day of November, A. D., 1914.

E. A. Walbaum, Administrator.

## C. P. & ST. L. SHOPS WORKING HALF TIME

Car Shop Employees Work but Five Hours a Day—Pick-up in Business Looked for Later in Month.

Workmen at the local Chicago, Peoria & St. Louis Railroad shops are getting in thirty hours work per week on the average now, and have been since the shops re-opened for work last Monday. Tuesday the men were laid off all day on account of the election. Superintendent Imgrund believes the men will be working their full eight hours a day by the latter part of the month.

The men have been reporting for work at seven in the morning and working until noon the past week. Yesterday afternoon, however, two forces of section men were busy changing a coal track at the stationery engine house. Under the direction of Labor Foreman Michael Mahoney and James Miller, and Supt. Imgrund the men completed laying a stretch of track west of the roundhouse. This will be used only for coal and clinder cars and for the use of the engine house. Running heavily loaded coal cars through the round house has somewhat damaged the turn table and it is the intention of running the cars on the new track to the west of the round house and engine house and unloading half the car. Then the car, half full will be switched to the east track and the remainder of the coal unloaded. This will save much labor and time in the unloading of the cars.

A line of new blow-out pipes is being laid from the stationery engine house. The old line of pipe is rusted and corroded and leaks badly.

Two new cabooses are under construction in the coach department, under the direction of the foreman, Mose Topping. The cabooses are Nos. 3 and 11 and are surely well made in every part. A cooosse such as are building here cost about \$1100 to build. Comfortable seats range along the sides of the car. At the front end are three closets, 1 for each man's clothes, 1 for oil, lanterns, etc., a closet for a wash basin and a toilet room. Ample accommodation is made for the conductor, his desk being directly below a window near the center of the car.

A steel suspension bridge is now under construction at the shops for the Chandlerville, Sangamon river bridge. The work is nearly completed and will be taken to Chandlerville next Wednesday. The old swing bridge has been washed out so many times that the road has at last thought it advisable to construct and place a suspension bridge at this point.

Springfield main line coaches Nos. 51 and 62 are in the paint shop for general overhauling and painting.

The fire box on Engine No. 64 has been put in place. There is plenty of work yet to be done on this engine as 1696 bolts are yet to be placed in the box and 272 nuts put in position. The cost of the work on the firebox alone is close to \$1,500, while the work on the whole engine approximates \$3,600. The engine belongs in Springfield. There is three tons of iron in the bolts which go in the arebox of this engine alone.

Engine No. 65 came in Friday from Springfield for general repairs and overhauling. This engine will be run into the shops to be worked on tomorrow.

Switch engine No. 59 from Alton is also in for general repairs. This piece of machinery has run over 32,000 miles without overhauling. It is supposed only to run 40,000 miles without general repairing, so in this instance it has more than done its duty.

All engines of the road are being equipped with electric lights according to law. The dynamo for this purpose is being placed directly behind the bell on the top of the engine. There are five lights on the engine, besides the large headlight, which are electrically lighted. One of these small lamps is placed in the front headlight for use when the engine is on a siding and the big light is not needed. Other lamps are placed in the cab, one on the water gauge, one on the steam gauge, one on the deck, and one behind the engineer's seat to aid him in reading road instructions. A switch is placed near the engineer's seat which will turn on all the small lamps and the big headlight, or just the small lights alone.

The new gasoline electric engine being used between this city and Havana is proving very satisfactory. Most of the men connected with it are new to its workings and are having good success with it when this is taken into consideration. The regular passenger engineer, Frank Shields, who fired the passenger engine on this branch of the road for so many years, has been laid off temporarily, no fireman being needed on the new electric engine. Some difficulty was occasioned Friday morning with the new machinery and the regular steam engine had to be called to the rescue and made the morning run Friday. Investigation proved that all that was needed was a new battery for the starting of the gasoline engine. The gasoline engine runs the dynamos, which in turn create the power for the motors, which run the car.

Mose Topping, foreman of the coach shop, Charles H. Bacon, of the mill department, and William Saner, foreman of the blacksmith shop, expect to spend today at Wolf Lake. Frank McKinney, boiler maker, and J. W. Murray, his helper, will go to Havana tomorrow to work on engines 54 and 6.

Mrs. E. W. Brunk, wife of Storekeeper Brunk, has gone to Arcadia to visit friends over Sunday.

Earnings Still Decline.

The mild weather of the present fall has seriously affected the movement of coal and incidentally freight

earnings on the Alton. The month of October, which has always been marked by the heaviest earnings of the year, will this year be among the smallest. The road earned but \$293,204 during the second week of last month, which is a decline of \$57,006 over the same week a year ago. Since July 1 the commencement of the new fiscal year, the Alton has earned \$4,479,753, which is a falling off of the enormous sum of \$4,717,091, which is an average decrease of \$25,000 per week. This is accounted for in part by the loss of the northwestern coal. The Alton officials are hopeful that a cold snap will result in a heavy demand for the black diamonds and that business will boom very soon.

### Ban On Blue Vitrol.

It has come to light that some engineers on the Alton, said to be on the western division, are pouring blue vitrol into the tanks of their engines presumably to prevent foaming of the water. Superintendent J. E. O'Holme is out with an imperative order prohibiting this practice. He points out the fact that the use of this product will pit the tubes, produce leakage of boiler tubes and otherwise damage the interior of the boilers where the vitrol comes in contact. The management cannot permit this serious effect upon the power of the company, and any engineman caught using this product will be summarily dismissed from the service.

### Killed at Chandlerville.

While working with a bridge gang on the Chicago, Peoria & St. Louis railroad at Chandlerville, shortly after noon Thursday, John J. Costello, 1312 East Enterprise street, Springfield, was struck by a pile driver and received internal injuries of which he died at 6 o'clock in St. John's hospital.

When Costello was first struck it was thought that his back had been broken, but it later developed that he had been internally injured. A special train was made up at once following the accident and the injured man was hurried to Springfield and taken to the hospital in the ambulance of Chas. T. Bisch & Son.

Decedent is survived by his wife, Mrs. Margaret Costello, residing at 1312 East Enterprise street; two daughters, Babe and Pauline, at home; parents, Mr. and Mrs. John Costello, Sr., residing at Reader; five brothers, Jim, Luke, Tom, Willie and Frank Costello of Reader; three sisters, Marie, Ella and Hattie Costello of Reader.

## COMMUNITY TRAINING SCHOOL NOTES.

At the last meeting of the Community Training School Tuesday evening at the high school building there were enrolled about forty new students. On account of the increased interest in the course the committee have decided to hold the enrollment books open one more week.

Students and faculty were alike delighted Tuesday evening when Dean R. H. Tanner announced that Miss Josephine Morey has consented to take charge of the course for workers with little children. Miss Morey's ability along this line is recognized throughout the state and her presence on the faculty will be a credit to the personnel of the teaching force.

The lecture hour at the last meeting was in charge of the Rev. M. L. Pontius, pastor of the Christian church. Dr. Post was compelled to be absent and Rev. Mr. Pontius gave a very interesting and instructive message on the teachers' position in the Bible school and of the need for thorough training.

Announcement was made also of the series of ten lectures by Dr. R. O. Post and an outline of the same was distributed to the members as follows:

Important Principles—(a) The Starting Point—"Know." (b) Lesson Material. (c) Help Others to Know. (d) Periods of Development. (e) The Feelings.

Character and Interest—(a) The Intellectual Sentiment. (b) Curiosity. (c) Interest. (d) Children's Interests.

Memory—(a) How Impressions Are Made. (b) The Application for the Sunday School Teacher.

Imagination—(a) Imaginative Power Differs. (b) An Aid to Sympathy. (c) Furnishes an Ideal.

Reason—(a) Conception. (b) Judgment. (c) Reason. (d) The Reasoning Period.

Analogy—(a) Its Value. (b) Its Danger.

Attention. (a) The Two Kinds—Voluntary and Involuntary. (b) The Center of Attraction. (c) To Gain Voluntary Attention. (d) The Teacher's Attention.

The Will—(a) Desire. (b) Choice. (c) Resolution.

Habit—(a) Motive. (b) Patience in Forming Habits. (c) Preventive Work. (d) Temperament.

The Gist of the Whole Matter—(a) The Ideal Teacher. (b) The Ideal Pupil. (c) The Ideal Relation. The committee wishes to extend an invitation to all those interested in this work to be present at the high school building next Tuesday evening at 7:30 o'clock. The lecture and class periods are open to the public and all interested in the moral and religious education of the community are urged to enroll Tuesday evening.

### VESEPER SERVICE.

The men of the church have again taken charge of the vesper service at State street church. There will be special music at each service. This afternoon besides the choir numbers, Miss Rebecca Schobel will sing a solo, with a violin obligato by Mr. Dean Cochran. Mr. French will speak on the second Commandment. The public is cordially invited. Service at 4:00 o'clock.

A. B. Field of Pittsfield was in the city on business Saturday.

# 100% DIVIDENDS In Fuel Saved Each Winter!

How to get more for your money. That's the rub.

There are ways and ways to economize. Some do without; some buy inferior articles.

Others make a better use of the money they spend.

And that is the kind of economy we want to talk about.

Did you ever figure out how much your heat cost you?

Do you know that 95 per cent of the ordinary heating stoves utilize only *half* of the heat that is in the coal?

Do you realize what this *wasted half* costs you?

Utilize that lost half and you will make a *real saving* and get more heat in the bargain.

Every stove with numerous air leaking joints wastes more available heat than the stove originally cost. That waste is the gas portion of your coal and the heat that goes up the chimney in the ordinary stove. Save the gas—mix it properly with air—burn it and you develop an immense amount of otherwise wasted heat.

But it requires a stove of special construction. It must be a stove that is scientifically and mechanically perfect. It must be a stove that has no air leaks.

That stove is—

# Cole's Original Hot Blast Heater

The stove that absolutely controls your fire.

The stove that burns the gases wasted by other stoves.

The stove that radiates a constant and steady heat from either soft coal, hard coal or lignite.

The stove in which the fire is never out.

The stove that saves its cost in fuel each winter.

The stove that lets no gas or smoke escape into the room.

The stove that gives you every atom of heat that is in your coal.

In fact, the only stove that is absolutely efficient—perfect in construction—perfect in operation.

We sell it under a broad guarantee to do all these things.

COME IN AND SEE IT. YOU WILL BE DELIGHTED.

See the name "Cole's" on the feed door of each stove.

None genuine without it.

Don't Fail to See the Cole High Oven Range

## TRY THIS IF YOU HAVE DANDRUFF

Or Are Bothered With Falling Hair or Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

## TALK TO US ABOUT COAL

The season is here for buying your fuel and winter coal supply. We handle the best grades and guarantee service and prices satisfactory.

# LABORED TO SUCCEED AND WON SECOND HONORS

CHARLES W. JACOBS

President of Green Signal Club, and First Vice President of the One Hundred Thousand Dollar Club, of the

## Illinois Life Insurance Co.

CHICAGO.

Office 703 Ayers' Bank Building.

Phone 432

When you contemplate taking, or increasing your insurance, it will pay you to have Mr. Jacobs call to explain the new and attractive features of his various policies.

## MR. JACOBS

- 1st. Taught in rural schools of Sangamon County eight years; and as principal of High School four years.
- 2d. Wrote Life Insurance during vacations and at odd times while teaching in the High School.
- 3d. About two years ago his services as an Underwriter were sought by R. W. Stevens, Vice President of the Illinois Life Insurance Company of Chicago, and was persuaded to give up the teaching profession for another, equally important. Mr. Jacobs was then appointed as District Manager out of Peoria, staying there nearly a year. Then later he was transferred here, as Manager of the Jacksonville agency.

During the last quarter of 1913 he won the Presidency of the Green Signal Club, having written the largest volume of "Paid for Business" of all Illinois Agents.

In September of this year, Mr. Jacobs won the First Vice Presidency of the One Hundred Thousand Dollar Club, having insured the largest number of lives of all other agents of the company.

## Why Has He Done All This?

- 1st. Because Mr. Jacobs is absolutely "on the square."
- 2d. Because the *Illinois Life* has square men as its officers.
- 3d. Because their policies "Guarantee Where Others Estimate."
- 4th. Because he never has made himself a *bore* to any of his prospective clients.

## You Can Rely On Our Coal

We sell the Highest Grade SPRINGFIELD AND CARTERVILLE Coal. If there was anything better we would buy it for our customers.

Northminster Presbyterian church—Walter E. Spooner, minister—Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. The morning subject: "The Correct Estimate of Gospel Truth." The evening service will be given to the annual harvest home program. This will be an illustrated talk on Korea. Seventy-five beautiful colored views will be used illustrating the daily life of the people, their religions, places of worship, the physical features of the country, historic buildings and the mission work. Come and bring your friends. The offering at the evening service will go to the Ladies' Missionary society. Sunday school at 9:30 a. m. Classes for all, from 2 years old to 100 years. Prayer meeting on Wednesday evening.

First Church of Christ Scientist—Services are held in the Hutton Building, No. 333 W. State street on Sunday at 11 a. m. Subject: "Adam and Fallen Man." Sunday school at 9:45 a. m. Testimonial meeting on Wednesday at 7:45 p. m. The reading room is open each week day from 2:30 to 4:30 p. m. where the Bible and all the writings of Mary Baker Eddy and all the publications of the Christian Science Publishing society are for sale or perusal. The public is cordially invited to attend the services and visit the reading rooms.

MODERN WOODMEN MEETING. Unity Grove camp of the M. W. A. No. 132 held their regular monthly meeting on Friday evening and accepted and initiated several new applicants into the order. A number of petitions for membership will be acted on at the next meeting.

## INDICATIONS FOR BUSINESS OPTIMISM AND FUTURE PROSPERITY—BOOSTER ITEMS OF TRADE RECENTLY PUBLISHED.

(By Secretary of Chamber of Commerce.)

The adjustment of business following the enactment of new tariff, currency and trust legislation, and the crowning disturbance of the European war has produced problems heretofore unknown to this nation. American ingenuity and originality are meeting these problems with a spirit of optimism and sane judgment that will in the future establish our commercial supremacy. The industrial disturbances whose tendrils reach into nearly every hamlet and trading center have the greatest difficulty getting a hold in a community like Jacksonville.

### Our Community Situation.

James J. Hill, the well known business authority, emphasizes that no injury resulting from the existing European conflict will accrue to agriculture. The largest single industry in the United States is the tilling of the soil. It is not suffering for a need of much extra capital and therefore will be helped instead of hurt. Because farming means as much to the prosperity of Jacksonville and continent territory as does cotton to the state of Texas, we will be the last to suffer. The weather has been against the retailer, but business as a whole is improving. Money is easier, exports are increasing, cotton is moving, demand for American food stuffs is increasing and many industries are seeking South American trade, are conditions which tend to brighten the trade horizon.

### Sparks For the Business Man.

Recent consular reports tell of great trade opportunities for American products and point to cases such as Italy where Canadian and American wheat is needed to take the place of the Russian supply which has been shut off.

The Denver Commercial, the official publication of the Chamber of Commerce of that city publishes the statement that \$5,000,000,000 is predicted by a prominent eastern banker as the amount of exports for the coming year. Thousands of buyers are arriving in New York City from Europe and sharply bidding for clothing, blankets, flour, shoes, meat and other necessities of life.

The "Buy A Bale of Cotton" movement which has started to relieve the distressed cotton situation in the south has spread all over the country. Encouragement has been given for the return of cotton to normal prices by the report from European countries demanding cotton immediately. From Galveston was shipped within the space of a few days ninety thousand bales, nine ships sailing away in one day. It is expected that with cotton exempted from all contraband restrictions that the cotton exchanges will soon reopen.

Armour & Co., and other large packing companies are running to full capacity to fill the European orders for provisions. Bradstreet and Dunn & Co., both report a betterment of business conditions. Country towns especially are buying more heavily.

The advertisers which are facing the people of the warring nations will mean as it did in 1871, the freeing of large totals of savings which the thrifty people of France and Germany have accumulated. A recent contract calls for four million dollars worth of New England shoes, a thousand motor trucks and ten thousand barrels of flour from St. Louis.

George M. Reynolds of Chicago speaks of money rates being easier and a betterment of conditions all around. These and many other citations from those in a position to know optimistically forecast the future.

### INSPECTION COMMITTEE.

Department Commander Bishop Fallows of the G. A. R. organization has appointed as the quota from Matt Starr post on the inspection committee to visit the soldiers' and sailors' home in Quincy, local commander Capt. J. A. Schaub, adj. of the post, Major C. E. McDougall and comrade George Faul. To visit the widow and orphans home at Normal, W. J. Moore.

### HAD LEG AMPUTATED.

Dr. Charles Lewis Mex of Chicago was here Saturday in consultation with Dr. J. M. Swope of Arenzville and Dr. Carl E. Black of this city, relative to the condition of Mr. Springer of Arenzville, who is a patient at Passavant hospital. It was decided that his leg should be amputated above the knee, and the operation was performed yesterday.

Prices Are Important  
but no more so than satisfactory service. We keep the ball rolling by doing

## MANY NURSES FOR WAR.

Miss Mabel Sanderson, registered nurse, who returned Saturday to her duties at Passavant hospital after a visit with relatives in Orillia, Ont., reports that many are volunteering for the Red Cross nurse service in Canada and that those who would serve their country in this way outnumber the demand ten to one. When a call was issued recently for a hundred volunteer nurses, more than a thousand signified their willingness to render aid on the field of battle.

Hall, 1925 Olive street, St. Louis, Mo., Sold by druggists—Ads.

## MORTUARY

## Morrissey.

Friends in the city received word Saturday morning announcing the death of P. J. Morrissey, which took place Saturday morning at his home in McCook, Neb. Mr. Morrissey was about 70 years of age and resided in Jacksonville until about 7 years ago, when the family removed to Nebraska. He is survived by his widow and one daughter, Mary. Three children, Thomas, Helen and Michael, preceded him in death. The remains will be brought to this city for burial and are expected to arrive this evening. Funeral services will be held at the Church of Our Savior Monday morning at 8 o'clock and interment will be made in Calvary cemetery.

John C. Pyatt has received a letter from Mr. Teagarden of Galveston, Texas, bringing the information of the recent death there of Mrs. Susan Goff. The deceased many years ago was a resident of this city and many people in Jacksonville will regret to hear of her death. Mrs. Goff had been a resident of Galveston for a great many years.

Mrs. Joaquina Ault died at 10 o'clock Friday morning, Nov. 6, at St. Francis hospital in Litchfield where she had been taken for treatment, from her home in Irving, Montgomery county. She was sick for about two weeks and was afflicted with uraemia—blood poisoning; which becoming acute, caused her death.

Mrs. Ault was a daughter of Mr. and Mrs. Emanuel Garden, and was born on the Island of Madeira in August, 1845, and accompanied her parents to Morgan county in 1866. She was a member of the Christian church and was a constant attendant upon divine worship when the opportunity offered. She was thrice married, first to John Nunes, and after his death to Joaquin Souza, the third time she was married to Mr. Ault, who also preceded his wife in death. No children were born to her marriages. She is survived by a brother, Joseph Garden, of this city, and her sister, Mrs. Matilda La Costa Gomez residing in Brazil, South America. The remains of Mrs. Ault were brought at noon Saturday to the undertaking parlors of W. W. Gillham where funeral services will be held at 2:30 o'clock this afternoon in charge of Rev. Myron L. Pontius, pastor of Central Christian church. Interment will be made in Jacksonville cemetery. Friends will please omit flowers.

## Gimbel.

The funeral services of Mrs. Ida Gimbel were held at two o'clock Friday afternoon at the family residence in Chapin and were conducted in the presence of a large gathering of relatives and friends of the family by Rev. Frederic Baylis, pastor of the Methodist Protestant church of Chapin. The singing of hymns fitting the occasion was by a quartet consisting of Mrs. J. F. Burnham, Mrs. Eller, Harry Onken and Oswald H. Coultas. The floral tributes of sympathy were kindly cared for by Mrs. Johnson and Miss Carrie Johnson. The bearers were John Funk, William Stout, Adam McDaniels, Jas. Sargent, George Smith and Daniel Smith. Interment was in the Jordan cemetery.

## Bruce.

C. A. Osborne received the sad news yesterday of the death of Charles Bruce of Natick, Ill. Mr. Bruce was a prominent business man and farmer of Macon county. His wife is a cousin of Mrs. Osborne of this city. Mr. and Mrs. Osborne and daughter, Miss Della expect to attend the funeral.

## CONDUCTING REVIVAL.

The Rev. B. P. Johnson of Ashland was in the city for a short stay Saturday. He is assisting Rev. Mr. March, pastor of Union Grove Baptist church, southeast of Murrayville, in a revival series and reports very successful meetings.

Fresh Mexican poncho and pan carnels, the kind you like, at Vickery & Merrigan's.

Miss Frances Hubble, a student at Monticello Seminary at Godfrey, is spending Sunday at the home of her parents, Mr. and Mrs. J. W. Hubble on Lockwood Place.

## GRADUATED NURSES

### SEVENTH ANNIVERSARY OF SALEM LADIES AID SOCIETY

Delightful Evening Spent at the Home of Mr. and Mrs. Austin King by Large Number of Guests.

The 7th anniversary of the Ladies Aid society of the Salem M. E. church was held Friday night at the home of Mrs. Austin King. There was present over 150, a number of friends and neighbors from the Clark's Chapel neighborhood being present.

An entertaining musical program was given consisting of an instrumental solo by Miss Nellie Matthews and Miss Eva Baxter and Mrs. Thomas Harber sang several solos. The scripture reading was by Mrs. William Harrison and prayer was offered by Miss Anna McDonald. Roll call was responded to by the forty members of the society and the secretary's report was read and approved.

The ladies at the beginning of the year pledged to raise a dollar a piece for the society and during the evening some interesting experiences were told as to the means employed to get the money. \$20 was given. A supper consisting of sandwiches, escalloped oysters, coffee, ice cream and cake was served, and a very pleasant time spent. The committee in charge was Mrs. W. C. Thompson, Mrs. Frank Green and Mrs. Sallie Hoagland.

See our window for blue serge suits. Special prices this week.

### SUIT AND COAT SALE MONDAY AT HERMAN'S.

300 ACRES OF WHEAT. William Nunes has completed the task of sowing 300 acres of wheat. 65 acres were put in for M. F. Dunlap.

### SOCIAL EVENTS.

The Young Woman's Christian association of Illinois College held their bi-weekly meeting in the association rooms in Whipple academy Friday afternoon with Misses Ruth Rieman and Lucille Allison as hostesses and Mrs. Velma Dugger as leader. The topic of the afternoon was "Christian Responsibility," and the devotional service was in charge of Miss Miriam Akers. After discussion of the topic a social hour was enjoyed.

The officers for the year elected at a previous meeting of the association, are:  
President—Miss Velma Dugger.  
Vice President—Miss Lucille Allison.  
Secretary—Miss Mabel Hess.

Treasurer—Miss Ruth Rieman.  
Committee chairman—Miss Ruth Brown, membership; Miss Grace McLaurin, finances; Miss Irene Moore, social; and Miss Edith Painter, association news committee.

The birthday anniversary of Miss Georgie Melton, North Church street, will be the occasion today of a dinner and family gathering at the home of the young lady's grandmother, Mrs. H. E. Chrisman of Merritt. There will be present Mrs. Harriett Melton, this city, her mother, with Mrs. Aldo Briggs of Barry and Mrs. G. W. Bradley of Waverly, aunts of Miss Melton.

Mrs. Harry B. Brady and Mrs. Charles Thompson have issued invitations to a reception to be given Thursday, November 12th at their home, No. 1153 West State street.

A stag party was given at the Pacific Hotel Saturday night for J. Oliver Cahn, who is to be married to Miss Mabel Lonergan next Tuesday morning. Fourteen were present and a very enjoyable time was spent.

The Mission band of the Congregational church had a marshmallow roast in the large yard at the residence of Mrs. J. C. Fairbank, on Grove street Saturday. About twenty-five children enjoyed the program, "Work Among the Indians"—as well as the marshmallows, apples, doughnuts and cookies that were served.

"Our Free Kindergarten" was the subject of the program Saturday afternoon at the November meeting of the Domestic Science Round Table of the Jacksonville Woman's club, in session at the home of Mrs. John S. Sheppard, 284 Sandusky street. Miss Hattie Phillips spoke of the financial phase of the question and dwelt upon the need for more such institutions. She said there should be a kindergarten in every ward of the city. Miss Clara

Hopper told of the branches studied and of the part played by the kindergarten in supplementing home training. Mrs. Ben Lurion, the president, reported twenty-four garments made for little kindergarten pupils at two sewings recently held by the Round Table. The work will be continued at a sewing announced for one day next week.

For the open air school and the free kindergarten a benefit market will be held Nov. 21. The event will be in charge of Mrs. W. D. Doying. Mrs. Cleary, a member of the Woman's Country club of Orleans, was present and told of a pledge of five dollars made by that organization for the open air school. A social hour, with the serving of delightful refreshments, followed the formal program.

ELLIOTT STATE BANK.  
All deposits made in the Savings Department of the Elliott State Bank during the first Ten days in November will draw interest from the FIRST of the month.

### MAY LEAVE PARA BY BOOTH LINE BOATS

Judge Thompson Receives Further Information from Americans Marooned in South America.

Judge Owen P. Thompson has received further advice from his daughter, Mrs. J. C. Miller, who is now at Para, South America, where all the passengers of the steamer Vandyke were taken before the steamer was sunk by the Germans. A letter from the owners of the boat to Judge Thompson states that it is the expectation that passengers can be taken to the United States at some early date via the Booth line. Previously Judge Thompson had cabled for information as to possible lines of exit for the Americans and under what flags the boats could sail. Meanwhile all the passengers are comfortably situated at Para, which is a city of 150,000 inhabitants located near the junction of the Para and Amazon rivers. While it is an easy matter to find comfortable quarters in a city of such size, naturally the passengers, practically all of whom were homebound, are chafing somewhat over the delay.

CHOICE MICHIGAN APPLES.

CHOICE MICHIGAN APPLES.  
I will have car load Michigan apples to arrive middle of this week. C. Spruit.

### RURAL MAIL CARRIERS BANQUET AT PEACOCK INN

Members of Morgan, Scott and Cass Counties Spend Delightful Evening—Herman Ellis in Role of Toastmaster.

The rural mail carriers of Morgan, Scott and Cass counties held their first annual banquet at the Peacock Inn Saturday night, which was well attended and a most enthusiastic gathering in every way. A fine spirit prevailed and the members believe that the annual meeting will increase with interest in the passing of years. The organization consists of 32 members. A splendid banquet was served. A. R. Leake being the chairman. Herman Ellis was introduced as toastmaster and he called upon post master, R. I. Dunlap, who spoke along the line of the members getting together and of the benefits to be derived from so doing. Thomas Harber, assistant post master gave some interesting statistics of the office. Paul Fritchey who was a guest likewise talked on organization and his remarks were well received. Every one present was called upon for a few words and all responded.

The officers of the society are as follows:  
President—Herman Ellis, Jacksonville.  
Vice President—Paul Nelson, Winchester.  
Sec. and Treas.—Frank Bourn, Jacksonville.  
Sergeant at Arms—J. Z. Fox, Chapin.

Members Present.  
Those present at the banquet were P. J. Unland, Meredosias; Fred Simpson, S. W. Hildman, C. N. Wright and Arthur Seymour, Murrayville; William Buckley, Paul Nelson, John McCauley and Herbert Dill, Winchester; Homer L. Lewis, Ashland; Perry Leonard, J. M. Leonard (substitute) Concord; George M. Lemmon, Manchester; Fred E. Read, Charles E. Cussins, Franklin; Clarence Herzberger, Beardstown; F. A. Pfolsgruf, Arenzville; George H. Rahn, C. A. Treadway, L. M. Paschall, J. A. McClure, Virginia; W. T. Dodsworth, Litterberry; Herman Ellis, A. R. Leake, E. M. Sibert, Edward Elmore, and Frank Bourn, Jacksonville; Mr. Zohrn and Mr. Linton, Chandlerville.

Let your next order be for Wild Rose butter made by Jacksonville Creamery Co.

### ABRAHAM LINCOLN SENDS THANKS-FOR PAIR OF SOX

Letter Written to Mrs. Samuel P. Thompson by the President is Found at Meredosias.

George W. Sargent, who has been visiting in Meredosias, came across a very valuable letter, written by Abraham Lincoln. In his own hand writing. The letter was one returning thanks for a pair of Sox. Thompson knit for the president. The letter follows:

Springfield, Feb. 9, 1861.  
Mrs. Samuel P. Thompson.  
My Dear Madam:  
The very pretty and substantial present sent by you has been duly delivered by our mutual friend, Mr. B. H. Grierson, and for which please accept my sincere thanks.  
Yours very truly,  
A. Lincoln.

### SUIT AND COAT SALE MONDAY AT HERMAN'S.

### SUBSTANTIAL IMPROVEMENTS AT LUTTRELL'S THEATRE.

Well Diffused Light and Redecoration Throughout Makes Amusement Place Especially Attractive.

Extensive improvements just completed by G. M. Luttrell, manager of the Majestic theatre, East State street, make that amusement place one of the best equipped and most attractive theatres in this part of the state. Indirect lighting, of such strength as to illuminate clearly all parts of the house yet so well subdued and diffused that the eye suffers not the least strain, is a feature worthy of especial note. Six canary globes around the walls vary the plan and an emergency lamp to ward the back of the room is ready in case the electric current fail. The walls are tinted cream and the ceiling work is ivory white, giving the interior a cheerful, well lighted appearance. So well are the rays reflected and distributed that the clearness of the pictures is lessened not in the least. The entrance is illuminated with two lamps with frosted globes and seven plate glass mirrors in panel arrangement add to the attractiveness of the lobby. The vestibule is finished in dark oak and on the walls the same cream and white effect is carried out as in the main room. New linoleum has been laid on the floors and new tapestry, curtains drape the two inner doors.

Two hundred new chairs have been installed in the middle section of the theatre. They are very comfortable and follow the lines of the latest models. The seating plan has been rearranged and fifty-five more chairs added. The box office has been refurnished and in the whole building there has not been a detail omitted which goes to make up the up-to-date amusement house.

I. W. C. PENNANT CALE.  
35c values 20c, Monday only, at Wilmet's, southeast corner square.

### ARTISTS' COURSE ANNOUNCEMENT.
